1 AN ACT *to amend* 49.686 (2) of the statutes; **relating to:** moneys used to

### *Analysis by the Legislative Reference Bureau*

Current law provides that the Department of Health and Family Services (DHFS) may use federal project operations moneys, among other funds, to reimburse the costs of drugs used to treat persons with an HIV infection. This bill provides that DHFS may use federal project aids moneys rather than federal project operations moneys to reimburse these costs.

For further information, see the NOTES provided by the Law Revision Committee of the Joint Legislative Council.
