(2) by the amount that results from dividing the total operational expenditures of the library during the calendar year for which the number of loans are reported, not including capital expenditures or expenditures of federal funds, by the total number of loans of material made by the public library during the calendar year for which the loans are reported. The library board of the public library entitled to a payment under this subsection may direct the county to credit all or a portion of the payment to a county library service or library system for shared services.

Out of the balance remaining, the employer, insurance carrier, or, if applicable, uninsured employers fund shall be reimbursed for all payments made by it, or which it may be obligated to make in the future, under this chapter, except that it shall not be reimbursed for any payments made or to be made under s. 102.18 (1) (bp), 102.22, 102.35 (3), 102.57, or 102.60.
