Analysis by the Legislative Reference Bureau

Under current statutes and administrative rules, the following persons are required to successfully complete instruction in cardiopulmonary resuscitation: emergency medical technicians; first responders; instructors of emergency medical technicians or first responders; hospital medical and nursing personnel who provide emergency services; day care center, group home, and shelter care facility staff who provide care for children; chiropractors; dental hygienists; dentists; licensed midwives; lifeguards; health services staff at camps; fitness center employees; athletic trainers; specialized motor vehicle drivers and attendants; and massage therapists and bodyworkers. Beginning May 1, 2007, licensed midwives were required to be certified in cardiopulmonary resuscitation.

This substitute amendment requires these persons to have current proficiency in the use of automated external defibrillators. The substitute amendment requires chiropractors, dental hygienists, dentists, licensed midwives, athletic trainers, and massage therapists and bodyworkers to complete instruction in the use of an automated external defibrillator in order to obtain licensure or certification and the renewal of a license or certificate. This substitute amendment also requires the Department of Health and Family Services (DHFS) to approve individuals, organizations, and institutions of higher education to provide the instruction.

Current administrative rules require a residential care center for children and youth operated by a child welfare agency to have in each building housing residents of the residential care center for children and youth when those residents are present at least one staff member who has successfully completed instruction in cardiopulmonary resuscitation and require a shelter care facility to have readily available on the premises of the shelter care facility a staff member or other person who has successfully completed such instruction. This substitute amendment requires DHFS to promulgate administrative rules requiring a residential care center for children and youth to have in each building housing residents when residents are present at least one staff member who has current proficiency in the use of automated external defibrillators and requiring shelter care facilities to have readily available on the premises a staff member or other person who has that proficiency.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

3 **SECTION 1.** 46.03 (38) of the statutes is created to read:

1 46.03 (38) AUTOMATIC EXTERNAL DEFIBRILLATOR INSTRUCTION. Approve
2 individuals, organizations, or institutions of higher education to provide instruction
3 in the use of an automated external defibrillator, as defined in s. 146.50 (1) (cr), for
4 persons who are required as a condition of licensure, certification, or registration to
5 have current proficiency in the use of an automatic external defibrillator.

6 **SECTION 2.** 48.67 of the statutes is renumbered 48.67 (intro.) and amended to
7 read:

8 **48.67 Rules governing child welfare agencies, day care centers, foster**
9 **homes, treatment foster homes, group homes, shelter care facilities, and**
10 **county departments.** (intro.) The department shall promulgate rules establishing
11 minimum requirements for the issuance of licenses to, and establishing standards
12 for the operation of, child welfare agencies, day care centers, foster homes, treatment
13 foster homes, group homes, shelter care facilities, and county departments. Those
14 rules shall be designed to protect and promote the health, safety, and welfare of the
15 children in the care of all licensees. The department shall consult with the
16 department of commerce, the department of public instruction, and the child abuse
17 and neglect prevention board before promulgating those rules. ~~In establishing the~~
18 ~~minimum requirements for the issuance of licenses to day care centers, the~~

16 of the group home have current proficiency in the use of an automated external
17 defibrillator, as defined in s. 146.50 (1) (cr), achieved through instruction provided
18 by an individual, organization, or institution of higher education that is approved
19 under s. 46.03 (38) to provide such instruction.

20 (c) That all staff members of a shelter care facility who provide care and
21 supervision for children have current proficiency in the use of an automated external
22 defibrillator, as defined in s. 146.50 (1) (cr), achieved through instruction provided
23 by an individual, organization, or institution of higher education that is approved
24 under s. 46.03 (38) to provide such instruction and that all shelter care facilities have

1 readily available on the premises of the shelter care facility a staff member or other
2 person who has that proficiency.

3 (d) That all child welfare agencies that operate a residential care center for
4 children and youth have in each building housing residents of the residential care
5 center for children and youth when those residents are present at least one staff
6 member who has current proficiency in the use of an automated external
7 defibrillator, as defined in s. 146.50 (1) (cr), achieved through instruction provided
8 by an individual, organization, or institution of higher education that is approved
9 under s. 46.03 (38) to provide such instruction.

10 **SECTION 4.** 49.45 (3) (m) of the statutes is renumbered 49.45 (3) (m) 1.

11 **SECTION 5.** 49.45 (3) (m) 2. of the statutes is created to read:
