To: Kite, Robin
Subject: Drafting request

Hi Robin,

Rep. Nerison would like a bill drafted to add feral pigs to the list of harmful wild animals. I believe the relevant statute is 169.11.

Please give me a call tomorrow at 266-3534 to let me know if this would be your responsibility or someone else's to draft.

Thanks for your help!

RM run

PRELIMINARY DRAFT - NOT READY FOR INTRODUCTION

Gen

introduce, stock, or release

1 AN ACT ...; relating to: designating feral pigs as harmful wild animals.

Analysis by the Legislative Reference Bureau

Under current law, the Department of Natural Resources (DNR) regulates various activities relating to wild animals, including the possession, propagation, sale, and purchase (possession) of those animals and the introduction, stocking, and release of those animals. A wild animal is any animal of a wild nature that is normally found in the wild and that is not a domestic animal.

Current law also specifies that DNR must designate by rule cougars and members of the family ursidae as harmful wild animals and may designate by rule other species of wild animals as harmful wild animals under certain conditions. Under current law, a person may not possess a live harmful wild animal unless specifically authorized to do so by DNR. Current law provides that public zoos and aquariums, and veterinarians providing medical treatment to wild animals, are exempt from the prohibition against the possession of harmful wild animals. Under current law, DNR must also promulgate rules for the housing of wild animals that include specifications for enclosures for each species of harmful wild animal designated by the department.

*

This bill requires DNR to designate by rule feral pigs as harmful wild animals.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

2 SECTION 1. 169.11 (1) (a) (intro.) of the statutes is amended to read:

1

169.11 (1) (a) (intro.) The department shall designate by rule cougars and
members of the family ursidae, and feral pigs as harmful wild animals. After
consulting with the department of agriculture, trade and consumer protection and
the department of health and family services, the department of natural resources
may designate by rule other species of wild animals as harmful wild animals if any
of the following applies:
