Subject: RE: From Terri Griffiths re: AB118 LRB 0336/3

Actually what is needed is the following - and in talking with Chris McKinny this is a key change for the sub. Perhaps the other language of AA3 was removed in the new sub but we do need these changes in a simple amendment for the floor.

Line 10 page 4 - after the word "take" remove "any". Line 10 should read "political subdivision may take action that would allow..."

Line 12 page 4 after "that" remove "would be located in the boundaries of a drain district or". The new line should then read, "...industrial property that would likely increase the amount of water that the main..."

I hope this is clear. Let me know if there are questions. Thank you very much Marc!

Hi Terri:

There is no need for any of the language from AA 3 to ASA 1 to AB 118 because that amendment made changes to statutes that have been removed from s0336/3.

It appears to me and to Chris in Molepske's office that AA 3 to ASA1 to AB 118 did not make it into the the new sub. Can you draft a simple amendment for the floor tomorrow of AA 3 to the new sub LRB 0336/3 please? Or did we miss that language somehow and it is in the sub. The amendment should have removed the

word "any" action.

I'm leaving for today but will be available in the morning if you have questions. Please email my email not Kurts! Thank you Marc.
