Analysis by the Legislative Reference Bureau

Under this bill, anyone who intentionally impedes the normal breathing or blood circulation of another person by applying pressure on the throat or neck, or by blocking the nose or mouth, of the other person is guilty of a Class H felony, and subject to a fine not to exceed \$10,000, a prison term not to exceed six years, or both. If the actor has a previous conviction for this offense or for another violent offense, he or she is guilty of a Class G felony, and subject to a fine not to exceed \$25,000, a prison term not to exceed 10 years, or both.

Because this bill creates a new crime or revises a penalty for an existing crime, the Joint Review Committee on Criminal Penalties may be requested to prepare a report concerning the proposed penalty and the costs or savings that are likely to result if the bill is enacted.
