Analysis by the Legislative Reference Bureau

This bill makes all of the following changes with respect to the operation and administration of the Wisconsin retirement System (WRS):

1. 1999 Wisconsin Act 11 requires the Employee Trust Funds Board to distribute \$200,000,000 to covered employers in the form of credit balances that could be used to offset employer contributions owed to the WRS. This bill requires that the board complete the distribution before January 1, 2009.

2. Current law prohibits the Department of Employee Trust Funds (DETF) from paying interest on moneys paid in error. The bill allows DETF to pay the interest in accordance with its rules and at a rate of interest established by rule.

3. Under current law, when a person does not provide a written beneficiary designation for death benefits under the WRS, or none of the designated beneficiaries survive, there is a sequence of relatives who become beneficiaries by default. This bill eliminates a former son-in-law or daughter-in-law as a default beneficiary. In addition, the bill adds great-grandchildren and other descendants of the deceased employee and nieces, nephews, and other descendents of the deceased employee's brothers and sisters to the list of default beneficiaries.

4. Current law allows a WRS annuitant to select an annuity option that pays the annuitant a temporary additional annuity until the end of the month in which the annuitant attains age 62 or dies, whichever occurs first. When the annuitant reaches age 62, the subsequent annuity payments are reduced to fund the cost of the temporary additional annuity that he or she received before attaining age 62. This bill eliminates the requirement that the temporary additional annuity must end at the annuitant's death if the annuitant dies before attaining age 62, instead permitting a named survivor or beneficiary to continue receiving the temporary additional annuity until the month after the month in which the annuitant would have attained age 62.

5. Under current law, to be insured under the group life insurance plan administered by DETF, an eligible employee must file an application with DETF. This bill requires that the application be filed in the manner provided by rule or contract. In addition, the bill also eliminates a requirement that an eligible employee

ASSEMBLY BILL 893

who did not apply for life insurance when initially eligible cannot apply for that life insurance once he or she reaches the age of 55.

6. Currently, under the WRS, retirement benefits that are payable as the result of the death of a WRS participant are not considered to be abandoned until at least ten years have elapsed. The bill specifies when the potential beneficiary of a deceased person, who was insured under the group life insurance program, is treated as having abandoned any claim to the life insurance benefits.

7. For the purpose of benefit plans administered by DETF, the bill provides that the definition of the federal “Internal Revenue Code” is delegated to the federal government and not, as is current law, to enactments of the Wisconsin legislature.

8. Current law provides that for certain moneys owed under public employee benefit plans, DETF may retain the moneys from payments due any person or estate and may charge interest at the effective rate, which is essentially the most recent annual investment return on moneys in the fixed annuity division of the employee trust fund. This bill changes the rate at which interest can be charged to the assumed rate, which is the projected actuarial rate that is needed to fund the benefits under the WRS, unless DETF sets another rate by rule.

9. This bill specifies that the number of guaranteed death benefit payments that are payable to a beneficiary of a participant in the WRS may not exceed the life expectancy of the beneficiary.

10. Under current law, the Group Insurance Board is authorized to hear appeals of determinations made by DETF affecting group insurance plans. This bill requires the Group Insurance Board to hear such appeals.

11. The bill eliminates a requirement that a participant must submit a certified copy of his or her most recent state or federal income tax return to the Wisconsin Retirement Board for income verification purposes under the Duty Disability program. Instead, the bill provides that the Wisconsin Retirement Board may require a participant to authorize the Wisconsin Retirement Board to obtain a copy of the participant’s tax returns.

12. Currently, unfunded prior service liabilities under the WRS are funded over a 40-year amortization period. This bill reduces the amortization period to 30 years for all unfunded prior service liabilities incurred after the bill’s effective date.

13. Currently, the Department of Revenue (DOR) may attach WRS benefits for delinquent tax purposes. The bill clarifies that DOR may attach WRS annuity payments, lump sum payments, and disability annuity payments.

14. Current law permits a participant, beneficiary, or distributee of an estate to waive WRS benefits and provides that the waiver is effective on the first day of the 2nd month commencing after the waiver is received by DETF or on the date specified in the waiver, if later. This bill provides that the waiver is effective 30 days after it is received by DETF or on the date specified in the waiver, if earlier. The bill also provides that the waiver may be cancelled by the participant, beneficiary, or distributee in writing before the effective date.

ASSEMBLY BILL 893

Because this bill relates to public employee retirement or pensions, it may be referred to the Joint Survey Committee on Retirement Systems for a report to be printed as an appendix to the bill.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.
