**Subject:** Substitute amendment to SB 273

Jen and Mary,

Based upon my review this evening of the new substitute amendment to Senate Bill 273 (LRBs0184/1), I would call your attention to the following potential substantive and technical changes to this substitute amendment:

Substantive changes

1. Page 8, line 19: add "\_ (3r),\_" after "\_ (3)\_". *no*
2. Page 9, line 2: add ", (3r),\_" after "(3)".

Comment: These changes add violations of the retail suppliers' proof of financial responsibility requirements in proposed s. 101.16 (3r) to the general criminal and civil penalty provisions in s. 101.16. In my initial review of the bill, I missed that there were no penalties assigned to the violation of these requirements. I do not know if that omission was intentional.

Technical changes

1. Page 2, line 23: delete "following hydrocarbons or mixtures" as this phrase appears to not be needed in the reworded text of this definition of "liquefied petroleum gas."
2. Page 13, line 5: substitute "obligations" for "obligation" as s. 182.0175 (2m) assigns multiple responsibilities to transmission facilities owners. *potentially substantive*
3. Page 14, line 14: delete "(am),\_" as I understand (correctly?) that the treatment of s. 101.16 (5) (am) is addressed through the reference on page 14, line 13 to "renumbering and amendment of section 101.16 (5) of the statutes".

Jen, if you agree with the substantive changes I listed above, please let Mary know ASAP.

Mary, I defer to your judgment on whether one or more of the technical changes listed above warrant a /2 version of the substitute amendment and whether there is time to prepare a /2 before the exec session.

John
