Assumptions Used in Arriving at Fiscal Estimate

2005 AB 21 makes numerous changes to the statutes regarding manufactured homes, mobile homes, modular homes, recreational vehicles, and mobile home and manufactured home communities. Primarily, the legislation clarifies and consistently applies the terminology of the foregoing items. These changes would have no fiscal impact on the Department, or other state agencies.

The legislation also indicates limited changes to the language regarding the collection of the monthly municipal permit fee assessed to units in a manufactured home or mobile home community by local units of government (e.g., a monthly municipal permit fee may not be assessed against a financial institution for a vacant manufactured or mobile home that has been repossessed; a community is now consistently defined as having three or more units, rather than two or more). However, the impact of these changes on the costs and revenue of local governments would be negligible.
