## Fiscal Estimate Narratives

DHFS 2/12/2008

LRB Number	07-0214/1	Introduction Number	AB-0665	Estimate Type	Original
<b>Description</b> Specialized medical vehicles and vehicles transporting elderly or disabled persons					

### Assumptions Used in Arriving at Fiscal Estimate

This bill requires providers of specialized medical vehicle transportation (SMV) and other providers of transportation for elderly and disabled individuals to issue each operator of a vehicle an identification card. The identification card must be conspicuously displayed on the transportation vehicle and identifying information regarding the SMV provider must be included.

Some SMV providers already require operator identification to be displayed. There may be some cost to individual providers who currently do not require operator permits or do not require the permits to be displayed in their vehicles. This cost is not expected to be significant. Transportation provided for residents of the state Centers for the Developmentally Disabled does not qualify as specialized medical vehicle transportation under the definition in this bill and will, therefore, not be affected. There will be no fiscal effect on the Department as a result of this bill.

### Long-Range Fiscal Implications
