Assumptions Used in Arriving at Fiscal Estimate

EFFECT OF SB 20

Under current law, if a person had been issued a military special group plate, the surviving spouse of that person may apply to DOT to retain the special plate. The surviving spouse may request to change the special plate from a non-personalized to a personalized plate, or personalized to non-personalized plate, or from one personalized plate message to another. Current language says that DOT "may" issue the plate and the changed personalization.

This bill makes the action on DOT's part (issuing the plate and its changed personalization) mandatory on DOT, not permissive.

In addition, this bill extends to the surviving spouse of a firefighter who dies in the line of duty, this same eligibility for the firefighter special group plate. The surviving spouse is subject to all fees required of any person who obtains a special group plate or personalized plate.

FISCAL IMPACT
