5.; and  to repeal and recreate 118.55 of the statutes;  relating to:  school
district youth options programs and making an appropriation.

Analysis by the Legislative Reference Bureau

Under current law, a pupil enrolled in a public school in the eleventh or twelfth
grade may attend a public or private institution of higher education, including a
technical college, for one or more courses under the Youth Options Program. The
school board of the school district in which the pupil is enrolled is responsible for
paying the cost of tuition, fees, and books for the pupil under certain circumstances.

This bill eliminates the mandatory nature of the Youth Options Program. Instead, it authorizes a school district to establish its own youth options program. If a school board establishes such a program, it must adopt a written policy specifying who may participate, the institutions of higher education that a pupil may attend, the kinds of courses that a pupil may take, application procedures, and transportation arrangements. For each pupil attending an institution of higher education under a school district’s program, the school district must pay the institution, for each course taken for high school credit, the cost of tuition, course fees, books, and other necessary materials related to the course.
For further information see the state and local fiscal estimate, which will be printed as an appendix to this bill.

SECTION 7. 118.33 (3m) of the statutes is amended to read:

118.33 (3m) A course taken at a technical college by a child attending the school
part-time or in lieu of high school under s. 118.15 (1) (b), or attending the school
under s. 118.15 (1) (cm), does not fulfill any of the high school graduation
requirements under sub. (1) (a) unless the state superintendent has approved the
course for that purpose. If a pupil satisfies all of the high school graduation
requirements under sub. (1), the school board shall grant a high school diploma to
the pupil regardless of whether the pupil satisfied all or a portion of the requirements
while attending an institution of higher education under s. 118.55 or a technical
college.

SECTION 8. 118.55 of the statutes is repealed and recreated to read:

118.55 Youth options programs. (1) Definition. In this section, “institution
of higher education” means an institution within the University of Wisconsin
System, a technical college, a tribally controlled college, or a private, nonprofit
institution of higher education located in this state.

(2) Policy. A school board may establish a youth options program, which allows
pupils enrolled in the school district to take one or more courses at an institution of
higher education. If a school board establishes such a program, it shall adopt a
written policy that specifies all of the following for the program:
(a) The pupils who are eligible to participate.

(b) Subject to sub. (4) (b), the institutions of higher education that a pupil may attend.

(c) The number and types of courses that a pupil may take and any grade or course completion requirements.

(d) The courses that qualify for high school credit.

(e) Application procedures.

(f) Transportation arrangements.

(g) Whether the pupil or the pupil’s parent or guardian is required to authorize that the pupil’s grades and attendance record be disclosed to the public school in which the pupil is enrolled.

(3) PROGRAM INFORMATION. If a school board establishes a program under this section, annually by October 1 it shall distribute the policy adopted under sub. (2) to all pupils who are eligible to participate in the program and to all pupils who will be eligible to participate in the following school year.

(4) ADMISSION TO INSTITUTION OF HIGHER EDUCATION. If a school board establishes a program under this section, all of the following apply:

(5) PAYMENT. If a school board establishes a program under this section, for each pupil attending an institution of higher education under the program the school board shall pay to the institution, for each course taken for high school credit, an amount equal to the cost of tuition, course fees, books, and other necessary materials
directly related to the course. If the pupil is attending a technical college under the
program, the school board shall pay the technical college in 2 installments, upon
initial enrollment and at the end of the semester.

(6) REPAYMENT. If a pupil receives a failing grade in a course, or fails to complete
a course, at an institution of higher education for which the school board has made
payment under s. 118.55 (7t) (c), 2005 stats., or sub. (5), the pupil’s parent or
guardian, or the pupil if he or she is an adult, shall reimburse the school board the
amount paid on the pupil’s behalf upon the school board’s request. If a school board
that requests reimbursement of a payment is not reimbursed as requested, the pupil
on whose behalf the payment was made is ineligible for any further participation in
the school district’s program under this section. For the purposes of this subsection,
a grade that constitutes a failing grade for a course offered in the school district
constitutes a failing grade for a course taken at an institution of higher education.

(7) ANNUAL REPORT. (a) A school board that establishes a program under this
section shall include in its annual report under s. 120.18 information on the number
of pupils who participated in the program in the previous school year, the number
and types of courses taken by those pupils, and the cost to the school district.

(b) Annually by January 1 the department shall submit to the appropriate
standing committees of the legislature under s. 13.172 (3) a report summarizing the
reports under par. (a).

SECTION 9. 121.05 (1) (a) 5. of the statutes is amended to read:
