
An Act to amend 71.07 (6e) (a) 2. a., 71.07 (6e) (a) 2. b., 71.07 (6e) (a) 2. c., 71.07 (6e) (a) 3. (intro.), 71.07 (6e) (a) 3. b. and 71.07 (6e) (a) 3. d.; and to create 71.07 (6e) (a) 3e. of the statutes; relating to: expanding eligibility for the veterans and surviving spouses property tax credit.

Analysis by the Legislative Reference Bureau

Under current law, the veterans and surviving spouses property tax credit may be claimed by certain U.S. armed forces veterans and by the unmarried surviving spouses of certain veterans or members of the national guard or reserves (collectively, “veterans”). To be eligible to claim the credit, the veteran must meet several criteria, including being at least 65 years old, having been a resident of this state at the time of entry into the service, and having a service-connected disability rating of at least 100 percent.

Similarly, to be eligible to claim the credit as a spouse of a veteran, the veteran to whom the unmarried surviving spouse was married must have been, generally, at least 65 years old at the time of his or her death, must have been a resident of this state at the time of entry into the service, and must have had a service-connected disability rating of at least 100 percent.

This bill expands the eligibility requirements for the credit for veterans and for the unmarried surviving spouses of veterans. Under the bill, the 65−year−old age requirement is repealed and a veteran, or the unmarried surviving spouse of a veteran, is eligible to claim the credit if the veteran had been a resident of this state for any consecutive 5−year period after entry into active duty service.
The bill also expands the eligibility requirements to include veterans who have a 100 percent disability rating based on individual unemployability, as determined by the federal Department of Veterans Affairs (VA). To achieve such a rating, a veteran must have either a service-connected disability rating of either 60 percent or two or more service-connected disability conditions where one condition has at least a 40 percent disability rating and the combined disability ratings for all conditions is at least 70 percent, and has an administrative adjustment added to his or her service-connected disability, due to individual unemployability. The administrative adjustment for individual unemployability is based on the VA's determination that the veteran is unable to secure or follow a substantially gainful occupation due to service-connected disabilities.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
