AN ACT to amend 46.27 (1) (bm), 46.2805 (1) (a) and 149.12 (2) (g) 4.; and to create 49.45 (58) of the statutes; relating to: authorization to administer the Program for All-Inclusive Care for the Elderly under the Medical Assistance program (suggested as remedial legislation by the Department of Health and Family Services).

Analysis by the Legislative Reference Bureau

The Program for All-Inclusive Care for the Elderly (PACE) is a federally authorized Medicaid program under which states may contract with an entity to provide comprehensive health care services for a capitated payment to elderly people who require the level of care provided in a nursing facility. Federal law initially authorized PACE as a Medicaid waiver program, and the Department of Health and Family Services obtained a federal Medicaid waiver to administer PACE. Current federal law provides that states may administer PACE under their Medicaid programs without need of a waiver.

This bill specifies that the Department of Health and Family Services may administer PACE under the Medical Assistance program (Wisconsin’s Medicaid program).
