AN ACT to repeal 66.0809 (5) (b) 1. and 2. and 66.0809 (5) (c) and (d); and to
renumber and amend 66.0809 (5) (b) (intro.) of the statutes; relating to:
prohibiting municipal electric or water utilities from collecting certain utility
arrearages from owners of rental properties as property liens.

Analysis by the Legislative Reference Bureau

Under current law, a municipal utility is allowed to collect arrearages for utility
service provided to lots or parcels of real estate by providing, on October 15, a written
notice of payment due to the owner or occupant of the real estate. The notice must
specify the amount of the arrearage and any penalty and must state the following:
1) that, if payment is not received by November 1, an additional penalty will be
assessed; and 2) that, if payment is not received by November 15, the arrearage
amount and any penalties will become a lien on the property that will be collected
as a tax on the property.

Also under current law, if a municipal utility provides electric or water service
to a rental dwelling unit, the municipal utility may use the arrearage collection
procedure described above only if the municipal utility follows certain additional
procedures for notifying both the owner and the tenant about any payments that are
past due. In addition, the municipal utility may use the arrearage collection
procedure only if the owner of the rental property provides the municipal utility with
written notification of the name and address of the owner, as well as the tenant who
is responsible for paying for the service. Also, if requested by the municipal utility,
the owner must provide the municipal utility with a copy of the rental or lease agreement in which the tenant assumes responsibility for payment of utility charges. This bill prohibits a municipal utility that provides electric or water service to a rental dwelling unit from using the arrearage collection procedure described above, but only if the owner has provided the municipal utility with written notification of the name and address of the owner, as well as the tenant who is responsible for paying for the service. A municipality may also request a copy of the rental or lease agreement in which the tenant assumes responsibility for payment of utility charges. However, after the owner has provided written notice of the owner’s and tenant’s name and address, the municipal utility may not use the arrearage collection procedure.

For further information see the local fiscal estimate, which will be printed as an appendix to this bill.
