Analysis by the Legislative Reference Bureau

Under current law, a person may claim a credit against the person’s income or franchise tax liability that is equal to 10 percent of the amount that the person paid in the taxable year for dairy manufacturing modernization or expansion related to the claimant’s dairy manufacturing operation. If the amount of the credit exceeds the amount of the person’s tax liability, the person receives a refund. Under current
law, dairy cooperatives are, generally, not subject to state income or franchise taxes and, therefore, are not eligible to claim the credit for dairy manufacturing modernization or expansion.

This bill allows the members of a dairy cooperative to claim the credit for the dairy manufacturing modernization or expansion expenses paid by the cooperative. The dairy cooperative determines the amount of the credit that each member may claim, based on the amount of milk each member delivers to the cooperative.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.
