Analysis by the Legislative Reference Bureau

Currently, minority-owned businesses that are certified by the Department of Commerce receive certain preferences in governmental procurement. State agencies must attempt to ensure that 5 percent of the total amount expended for state procurements in each fiscal year is paid to minority-owned businesses. With certain limited exceptions, state agencies that are subject to requirements to make purchases through competitive bidding or competitive sealed proposals may accept a bid or proposal from a minority-owned business that is no more than 5 percent
higher than the apparent low bid or most advantageous proposal. This bill expands the definition of minority-owned businesses for this purpose to include a business that is owned by a person with a disability.

This bill also creates similar preferences, under which state agencies must attempt to ensure that, of the total amount expended for state procurements in each fiscal year, 25 percent is paid to small businesses, 5 percent is paid to woman-owned businesses certified by the Department of Commerce, and 5 percent is paid to veteran-owned businesses certified by the Department of Veterans Affairs. Under the bill, with certain limited exceptions, the current authorization to accept bids or proposals submitted by minority-owned businesses that are no more than 5 percent higher than the apparent low bid or most advantageous proposal is extended to apply to bids or proposals submitted by small businesses, woman-owned businesses, and veteran-owned businesses.

Under current law, in the Department of Administration, there is a Counsel on Small Business, Veteran-Owned Business and Minority Business Opportunities. This bill adds woman-owned business owners to the council and adds other requirements to its duties including the promotion of locally produced products.

This bill also requires the Department of Commerce to maintain a Web site to help agencies making purchases comply with the procurement preferences by listing veteran-owned businesses, woman-owned businesses, minority businesses, and small businesses, the locations of each business, and the products and services offered by each business.

For further information see the state and local fiscal estimate, which will be printed as an appendix to this bill.
