2007 ASSEMBLY BILL 874

AN ACT to amend 943.34 (1) (intro.) and 943.50 (4) (c); and to create 943.345 of the statutes; relating to: the sale of stolen property on the Internet and providing a penalty.

Analysis by the Legislative Reference Bureau

Under current law, a person who commits retail theft or who intentionally receives or conceals stolen property is penalized based on the value of the property or merchandise that was stolen. A person who commits retail theft or receives or conceals the stolen property or merchandise is guilty of a Class A misdemeanor if the value of the property or merchandise does not exceed $2,500, a Class I felony if the value of the property or merchandise exceeds $2,500 but does not exceed $5,000, a Class H felony if the value of the property or merchandise exceeds $5,000 but does not exceed $10,000, and a Class G felony if the value of the property or merchandise exceeds $10,000.

Under this bill, a person who commits retail theft with the intent to sell the stolen property on the Internet is guilty of a Class G felony, regardless of the value of the property. Under the bill, a person who purchases property he or she knows or believes to be stolen over the Internet is guilty of a Class G felony, regardless of the value of the property.

Because this bill creates a new crime or revises a penalty for an existing crime, the Joint Review Committee on Criminal Penalties may be requested to prepare a
report concerning the proposed penalty and the costs or savings that are likely to result if the bill is enacted.
