Analysis by the Legislative Reference Bureau

This bill makes a number of changes in the laws governing the Milwaukee Parental Choice Program (MPCP), under which a pupil who resides in the city of Milwaukee may attend a private school at state expense under certain conditions. The changes include the following:
ASSEMBLY BILL 919

Teacher licensure

Beginning in the 2009–10 school year, this bill directs each private school participating in the MPCP to ensure that every teacher, supervisor, administrator, and professional staff member holds a license or a permit to teach issued by the Department of Public Instruction (DPI). Currently, persons are not required to be licensed to teach in any private school.

Standards and hours of pupil instruction

Current law requires each private school participating in the MPCP to meet at least one of the following standards:

1. At least 70 percent of the pupils in the program must advance one grade level each year.
2. The private school’s average attendance rate for pupils in the program must be at least 90 percent.
3. At least 80 percent of the pupils in the program must demonstrate significant academic progress.
4. At least 70 percent of the families of pupils in the program must meet parent-involvement criteria established by the private school.

This bill requires each private school participating in the MPCP to meet at least three of the above standards and to annually submit to DPI a report describing the school’s status with respect to the fourth standard.

Under current law, a school board must schedule at least 1,050 hours of direct pupil instruction in grades one to six and at least 1,137 hours of direct pupil instruction in grades seven to twelve. This bill requires private schools participating in the MPCP to comply with these requirements.

Enrollment cap

Under current law, enrollment in the MPCP is capped at 22,500 pupils. This bill changes the enrollment cap to no more than 15 percent of the enrollment of the Milwaukee Public Schools. The bill requires private schools participating in MPCP to reduce or limit the percentage of pupils enrolled in the private school under the MPCP so that the percentage of MPCP pupils does not exceed 49 percent. To attain this limit, a private school with an enrollment of MPCP students that is greater than 49 percent of its total enrollment percent must replace each MPCP pupil who graduates, is promoted, withdraws, transfers, or is expelled from the private school with a pupil who is not enrolled under the MPCP, or not replace the pupil, until the enrollment reaches the 49 percent threshold.

Pupil assessments and academic standards

Current law requires each private school participating in the MPCP to administer a nationally normed standardized test in reading, mathematics, and science to pupils attending the school under the program in the fourth, eighth, and tenth grades. This bill requires each private school participating in the MPCP to administer the examinations adopted or approved by DPI.

Current law requires each school board to adopt either its own academic standards or the academic standards contained in the governor’s executive order issued on January 13, 1998. Identical provisions exist under current law for
independent charter schools. This bill requires the governing body of each private school participating in the MPCP to adopt academic standards.

Under current law, each school board must administer to all pupils enrolled in the school district in the third grade, including pupils enrolled in charter schools (other than independent charter schools) located in the school district, a standardized reading test developed by DPI. The independent charter schools are required to administer this test to their third grade pupils. Private schools participating in the MPCP are not required to administer this test. This bill imposes this requirement on these private schools.

The federal No Child Left Behind Act requires public school assessments in reading and mathematics in each of grades three to eight and at least once in grades ten to twelve; and in science at least once in grades three to five, six to nine, and ten to twelve. This bill imposes this requirement on private schools participating in the MPCP for pupils attending the schools under the MPCP.

**High school diplomas, grade promotion, and maintenance of pupil records**

Under current law, each school board and the operator of each independent charter school must develop written policies specifying criteria for granting a high school diploma. Neither a school board nor the operator of an independent charter school may grant a high school diploma to any pupil unless the pupil has satisfied the criteria. Similarly, each school board and each independent charter school must adopt policies specifying criteria for promoting a pupil from the fourth grade to the fifth grade and from the eighth grade to the ninth grade. A pupil may not be promoted unless he or she satisfies the promotion criteria. This bill imposes upon private schools participating in the MPCP the same prohibitions against graduation and promotion (for pupils attending the private school under the MPCP) that are imposed upon school boards and independent charter schools.

The bill also requires the private school to issue a high school diploma or certificate to each pupil attending the school under the MPCP who satisfies all of the requirements necessary for high school graduation.

The bill requires a private school participating in the MPCP to maintain progress records for each pupil attending the school under the MPCP while the pupil attends the school and for at least five years thereafter. Progress records include the courses a pupil took, the pupil’s grades, the pupil’s attendance record, the pupil’s immunization record, and records of the pupil’s extracurricular activities. The bill requires the private school to provide a copy of the records to the pupil or the pupil’s parent or guardian upon request and, if the school closes, to transfer the records to the Milwaukee Public Schools. The bill also requires the private school to issue a high school diploma or certificate to each pupil attending the school under the MPCP who satisfies all of the requirements necessary for high school graduation.

Current law requires a school district to transfer to another school or school district, within five working days, all pupil records relating to a specific pupil if the transferring school district has received notice from the pupil (if he or she is adult), from the pupil’s parent or guardian (if the pupil is a minor), or from the other school or school district that the pupil intends to enroll or has enrolled in the other school.
or school district. This bill makes this requirement applicable to the private schools participating in the MPCP.

Religious activities

Current law prohibits a private school that is participating in the MPCP from requiring a pupil attending the private school under the program to participate in any religious activity if the pupil's parent or guardian requests that the pupil be exempt from the activity.

This bill requires each private school participating in the MPCP to adopt a policy implementing the requirement described above. The private school must include in the policy a list of the school activities that it has determined are religious activities for the purpose of the exemption requirement. The list must include religious worship, religious instruction, and any school activity that the private school has determined is sectarian, proselytizing, or religiously doctrinal in nature. The bill requires each MPCP school to provide a copy of its policy to each person who expresses an interest in attending the private school under the program and annually to DPI.

The amendment directs each MPCP school to ensure that a pupil who is exempt from participating in a religious activity is not present in the room in which the activity occurs. The bill also directs each MPCP school to provide a pupil who is exempt from religious activities with a sufficient number of hours of instruction to meet the statutory requirement for all private schools (at least 875 hours of instruction each school year) and to enable the pupil to advance from grade to grade.

Nondiscrimination

Current law prohibits public schools from discriminating against pupils on the basis of sex, race, religion, national origin, ancestry, creed, pregnancy, marital or parental status, sexual orientation, or physical, mental, emotional, or learning disability. Current law does permit a school district to operate one or more schools that enroll only one sex or provide one or more courses that enroll only one sex if the school board makes comparable schools or courses available to the opposite sex under the same policies and criteria of admission. Current law requires each school board to adopt policies and procedures implementing this nondiscrimination requirement. This bill imposes the same nondiscrimination requirements on private schools participating in the MPCP. The governing body of the participating private school must develop written policies and procedures to implement the nondiscrimination requirement.

Disclosure requirements

The bill also requires each MPCP school to provide each applicant to the school with all of the following: (1) a list of the names, addresses, and telephone numbers of the members of the governing body of the school; (2) a notice stating whether the school is an organization run for profit or not for profit, and, if the school is run not for profit, proof of its federal tax-exempt status; (3) a copy of the appeals process used if the school rejects an applicant for admission; (4) a statement that the school agrees to be subject to the open meetings and open records requirements applicable to public bodies; (5) a copy of the school's nondiscrimination policies and procedures; (6) graduation requirements; (7) a copy of the non-harassment policy and procedures
used by the school; (8) suspension and expulsion policies and procedures; and (9) policies for accepting or denying the transfer of credits for coursework completed by pupils at other schools. In addition, upon request of any person, the school must provide to that person the information above, as well as the number of pupils enrolled in the private school in the previous school year; the number of pupils enrolled in the private school under MPCP in the previous school year; pupil scores on standardized tests administered in the previous school year; the number of pupils who were expelled or who failed to graduate in the previous school year; a copy of the academic standards adopted by the private school; the number of pupils who have graduated from the private school in every year in which the private school has participated in the MPCP; and the rates of promotion of 4th and 8th grade pupils enrolled in the private school.

For further information see the state and local fiscal estimate, which will be printed as an appendix to this bill.
