AN ACT to amend 59.53 (3) of the statutes; relating to: authorizing a county to
provide assistance to a nonprofit organization that provides assistance to
certain individuals.

Analysis by the Legislative Reference Bureau

Under current law, a county is authorized to operate a relief program for certain
individuals who reside in the county, based on eligibility criteria set by the county.
The county program may provide services, commodities, or money and may contain
a work component. Current law also authorizes a county to appropriate money to
provide emergency energy supplies to individuals or to provide grants to community
action agencies or municipalities to assist individuals with the purchase of such
supplies.

This bill authorizes a county to appropriate money to a nonprofit organization
that provides assistance to low-income individuals or individuals who are victims
of domestic violence and related crimes, and to make payments to such an
organization for its capital and operational expenses.

For further information see the local fiscal estimate, which will be printed as
an appendix to this bill.
