AN ACT to repeal and recreate 767.853 (2) of the statutes; relating to: allowing access to pending paternity proceeding information for purposes of administering the child support establishment program.

Analysis by the Legislative Reference Bureau

Under current law, the record of a pending paternity action is confidential, except that the child’s parents and the parties to the action and their attorneys may have access to the record, and additional specified persons may have access if the child is the subject of another type of proceeding, such as a juvenile guardianship or delinquency action. For purposes related to the child and spousal support and establishment of paternity and medical support liability program (program), which is administered by the Department of Workforce Development (DWD) in conjunction with county child support agencies, DWD and county child support agencies may obtain information from the clerk of circuit court on a case–by–case basis about any pending paternity action in which DWD or the county child support agency is a party. DWD and county child support agencies, however, are not allowed general access to the Web site that is maintained through the Wisconsin Supreme Court’s Consolidated Court Automation Programs case management system and that contains information about all pending paternity actions.

This bill authorizes DWD and county child support agencies to have statewide access to the records of all pending paternity actions for purposes related to administering the program, regardless of whether DWD or a county child support agency is a party to the action to which a record relates.
SENATE BILL 13
