
AN ACT to amend 66.0627 (1); and to create 20.566 (2) (b) and 70.57 (4) of the statutes; relating to: providing loans to persons who are paying more property taxes as a result of the Department of Revenue’s error in calculating equalized value and making an appropriation.

Analysis by the Legislative Reference Bureau

Under current law, annually, the Department of Revenue (DOR) determines the full value of the property of each county and taxation district. This property valuation is known as “equalized value.” DOR determines the equalized value of all property in the state to ensure, generally, that the property is being assessed at its full value. If DOR makes an error in determining the equalized value of the property of any county or taxation district, DOR corrects the error by adjusting the county’s or taxation district’s equalized value in the year after the year in which DOR made the error.

Under this bill, DOR makes payments to any taxation district that certifies to DOR that the most recent equalized value of the taxation district’s property is greater than it should be because of a clerical, arithmetic, transpositional, or similar error made by DOR, and that the amount of the overvaluation represents 10 percent or more of the taxation district’s equalized value in the year prior to the year in which the error occurred. The taxation district uses the payments to make loans to persons who own property in the taxation district and who paid more property taxes than they should have as a result of DOR’s error. The maximum loan amount would be equal to the erroneous increase in the person’s taxes. The loan amount would be
SENATE BILL 14

collected by the state as a special charge against the taxation district for the year following the year in which DOR’s error occurred.

For further information see the state and local fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

SECTION 1. 20.005 (3) (schedule) of the statutes: at the appropriate place, insert the following amounts for the purposes indicated:

<table>

</tbody>
</table>

SECTION 2. 20.566 (2) (b) of the statutes is created to read:

20.566 (2) (b) Valuation error loans. The amounts in the schedule to make the payments under s. 70.57 (4) (a).

SECTION 3. 66.0627 (1) of the statutes is amended to read:

66.0627 (1) In this section, “service” includes snow and ice removal, weed elimination, street sprinkling, oiling and tarring, repair of sidewalks or curb and gutter, garbage and refuse disposal, recycling, storm water management, including construction of storm water management facilities, tree care, removal and disposition of dead animals under s. 60.23 (20), loan repayment under s. 70.57 (4) (b), soil conservation work under s. 92.115, and snow removal under s. 86.105.

SECTION 4. 70.57 (4) of the statutes is created to read:

70.57 (4) (a) From the appropriation under s. 20.566 (2) (b), the department shall provide payments to any taxation district that certifies to the department, in
the manner prescribed by the department, that the most recent valuation of the
taxation district’s property under this section is greater than it should be because of
a clerical, arithmetic, transpositional, or similar error made by the department, as
confirmed by the department, and that the amount of the overvaluation represents
10 percent or more of the taxation district’s valuation under this section in the year
prior to the year in which the error occurred.

(b) A taxation district receiving payments under par. (a) shall use the payments
to make loans to persons who own property located in the taxation district and who
are paying more property taxes than they should be as a result of the error. A person
may receive a loan by applying, in the manner prescribed by the department, to the
taxation district in which the person’s property is located no later than June 15 of the
year following the error. The state shall collect the amount of any loan issued under
this paragraph as a state special charge against the taxation district for the year
after the year in which the error occurred and the special charge shall not be included
in the taxation district’s levy. The taxation district shall assess the loan amount as
a special charge against the property for which the loan was made on the property
tax bill succeeding the loan, as provided under ch. 74 and s. 66.0627 (1). Except for
interest and penalties, as provided under s. 74.47, that apply to any delinquent
special charge based on the loan amount, neither the department nor the taxation
district may charge interest on any loan issued under this paragraph. The maximum
loan amount that a person may receive under this paragraph shall be calculated by
multiplying the assessed value of the person’s property by a decimal determined by
the department as follows:

1. For the year in which the error occurred, apportion county, school district,
technical college district, and metropolitan sewerage district property taxes, and
state forestation taxes under s. 70.58, to the taxation district using the taxation
district’s erroneous valuation.

2. For the year in which the error occurred, apportion county, school district,
technical college district, and metropolitan sewerage district property taxes, and
state forestation taxes under s. 70.58, to the taxation district using the taxation
district’s correct valuation.

3. Subtract the amount determined under subd. 2. from the amount
determined under subd. 1.

4. Divide the amount determined under subd. 3. by the taxation district’s
assessed value for the year in which the error occurred and express the result as a
decimal.

(c) The department shall make the payments under par. (a) monthly, based on
the amounts requested in loan applications to the taxation district each month,
except that the department shall make no payments to a taxation district after June
30 of the year following the year in which the error occurred.

(END)
