2007 SENATE BILL 145

AN ACT to amend 40.02 (17) (intro.); and to create 40.285 (2) (g) of the statutes; relating to: purchase of creditable service under the Wisconsin Retirement System for active service in the U.S. armed forces.

Analysis by the Legislative Reference Bureau

This bill establishes a program under which participating employees in the Wisconsin Retirement System (WRS) may purchase years of creditable service under the WRS for all years of active service in the U.S. armed forces. A number of conditions must be satisfied to receive creditable service under the program, the most important of which include the following:

1. The employee pays to the Department of Employee Trust Funds (DETF) for each year of creditable service to be purchased the employee required contribution on earnings for general employees — currently, 5 percent of earnings — based on the employee's final average earnings, determined as if the employee had retired on the first day of the annual earnings period during which DETF received the application.

2. The employee may not purchase more than four years of creditable service under the program.

3. The employee must have been discharged from the U.S. armed forces under conditions other than dishonorable.

4. The employee may not receive creditable service under the program for any active service in the U.S. armed forces that is also used to qualify for the current law creditable military service program.
