Analysis by the Legislative Reference Bureau

Currently, the technical college system is managed on the local level by district boards consisting of nine members in each of the state’s 16 technical college districts. The members of the technical college district board for each district are appointed by an appointment committee consisting of local elected officials in accordance with a representation plan based upon population distribution within the district,
including distribution of women and minorities. All members of district boards must be residents of the district. Two members must be employers and two members must be employees. One member must be a school district administrator of a school district that lies within the technical college district. All members serve for three-year terms.

This bill provides for the election of all members of district boards from election districts within each technical college district on a nonpartisan ballot at the spring election. Each member must be an elector of the election district from which he or she is elected. Terms are changed to four years. Under the bill, current district board members serve until July 1, 2009, at which time district board members who are elected at the 2009 spring election take office. The terms of the members are staggered so that at least two are elected every year. Nomination paper signature requirements, contribution limits, and spending guidelines are the same as for the office of representative to the assembly. Candidates for the district board are not eligible to receive public grants to finance their campaigns.

For further information see the state and local fiscal estimate, which will be printed as an appendix to this bill.
