Commission, filing insurance policy forms with the commissioner of insurance, suitability of annuity contracts, and granting rule-making authority.

Analysis by the Legislative Reference Bureau

Interstate Insurance Product Regulation Compact

This bill enacts the Interstate Insurance Product Regulation Compact (compact). The stated purposes of the compact include promoting and protecting the interests of consumers of annuity, life insurance, disability income, and long-term care insurance products (insurance products); developing uniform standards for insurance products; establishing a central clearinghouse for review of insurance products, and advertisements related to insurance products, that are filed with the Interstate Insurance Product Regulation Commission (commission); and giving regulatory approval to insurance products and related advertisements filed with the commission. The compact accomplishes its purposes through the commission, which is created in the bill. Each compacting state has one member on the commission, with one vote. Under the bill, the commissioner of insurance (commissioner), or his or her designee, is the commission member from this state.

The commission is a body politic and corporate. The bill specifies, among other things, all of the following related to the commission: its organization, including required management and legislative committees; its powers, including rule making; meeting, voting, and notice requirements; requirements related to record keeping and confidentiality of its records; liability, and immunity from liability, of its members; monitoring and enforcement of compliance by the compacting states with its rules, standards, bylaws, and operating procedures; the financing of its operations, including the imposition of fees; auditing requirements; and reporting requirements.

One of the most important functions of the commission is establishing uniform standards for insurance products, which have the force and effect of law in the states that enact the compact for products filed with the commission. The uniform standards relate to the form of a policy or contract, including an application and evidence of coverage, for an insurance product and are intended to prohibit the use of inconsistent, misleading, or ambiguous provisions in insurance products. Before adopting a uniform standard, the commission must give written notice to the legislative committees of the compacting states with jurisdiction over insurance matters. A uniform standard becomes effective 90 days after it is promulgated by the commission, or at a later date determined by the commission. However, a compacting state may opt out of a uniform standard, by legislation or administrative rule, in accordance with procedures outlined in the bill. In addition, when enacting the compact a compacting state may prospectively opt out of all uniform standards established by the commission relating to long-term care insurance products; under this bill, however, Wisconsin does not prospectively opt out of those uniform standards.
SENATE BILL 294

Under current law, except for certain very limited types of insurance, all insurance forms must be filed with and approved by the commissioner before they may be used in this state. Under the bill, an important function of the commission is receiving and reviewing insurance products, rate filings for disability income and long-term care insurance products, and advertisements relating to long-term care insurance products for which the commission has developed uniform standards, which are voluntarily filed with the commission by insurers seeking the approval of the commission. The commission may approve those insurance products, rate filings, and advertisements that satisfy applicable uniform standards adopted by the commission. The approval has the force and effect of law in the compacting states, and any insurance product that is approved by the commission may be sold in any of the compacting states. In addition, if the commission determines that the advertisement of an insurance product, other than a long-term care insurance product, could have the capacity or tendency to mislead the public, the commission may require an insurer to submit its advertisement for that insurance product for the commission’s review or approval before the advertisement may be used. The commission may also designate products and advertisement that may be self-certified without prior approval by the commission.

The bill provides that the compact becomes effective and binding when two states enact it, except that the commission becomes effective for purposes of adopting uniform standards and reviewing and approving insurance products only after 26 states, or states representing greater than 40 percent of the premium volume for insurance products, become compacting states. In general, only states that enact the compact are subject to its provisions and the authority of the commission. The bill provides that a state may withdraw from the compact by repealing its enacting statute. A compacting state may be terminated from the compact if it defaults in the performance of any of its obligations or responsibilities under the compact.

Insurance form filing with the commissioner

Under current law, with a few exceptions, no insurance policy or group certificate form may be used unless it has been filed with and approved by the commissioner. Any form that has not been disapproved in 30 days after filing is approved. The statutes set out the grounds on which the commissioner may disapprove a form. The commissioner may order that the use of a form be discontinued if, after a hearing, the commissioner finds that an approved form would now be disapproved if newly filed. Penalties may not be imposed against an insurer for using a form that does not comply with a statute or rule if the statute or rule was in effect when the form was approved. However, penalties may be imposed against an insurer for using a form that does not comply with a statute or rule if the statute or rule takes effect after the date on which the form was approved.

This bill provides that, with a number of specified exceptions, a form first used on or after the effective date of the provision (which is approximately three months after the bill is passed and published) that has not already been filed by that date may be used without approval by the commissioner. The specified exceptions, which must still be filed and approved before use, include forms for long-term care insurance, worker’s compensation policies, Medicare replacement or supplement
policies, health care liability insurance, policies under the Health Insurance
Risk-Sharing Plan, rustproofing warranty insurance, and warranty contracts;
forms ordered to be filed by the commissioner or required to be filed by a rule of
the commissioner; forms that include appraisal or arbitration provisions not
specifically authorized by rule; and forms containing certain clauses that require
explicit approval. For forms that do not have to be filed and approved before use,
however, the insurer must still file the form with the commissioner 30 days before
use and certify that the form complies with the statutes related to insurance and
any rules promulgated under those statutes. The commissioner may still, after a
hearing, order the discontinuance of the use of a form that did not require
approval before use if there are grounds for disapproval. Any form that was
approved by, or self-certified to and not disapproved by, the commission is not
subject to any requirement for filing with the commissioner.

The bill provides that penalties may not be imposed against an insurer for the
use of a form solely based on a finding of the commissioner that the content of
the form is misleading. The bill also provides that, if an insurer uses a form that
was approved but not before use and that violates a statute related to insurance
or any rules promulgated under those statutes, the insurer violates that statute
or rule and is subject to penalties.

Suitability of annuity contracts

Under current law, an insurance intermediary, or insurer if no intermediary is
involved, is prohibited from making a recommendation to a person who is 65 years
old or older (senior consumer) about purchasing or exchanging an annuity unless
the intermediary or insurer has reasonable grounds to believe that the
recommendation is suitable for the senior consumer based on facts disclosed by
the senior consumer. Before making a recommendation, the intermediary or
insurer must make reasonable efforts to obtain information from the senior
consumer about his or her financial status, tax status, and investment
objectives. The bill makes these provisions apply to all consumers, not just to
those who are 65 years old or older.

For further information see the state fiscal estimate, which will be printed as
an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do
enact as follows:

of insurance products covered under the compact and, in certain cases,
advertisements related thereto, submitted by insurers authorized to do business in
one or more compacting states.

advertisements satisfying the applicable uniform standard.

the state regulation of the business of insurance.

(2) ARTICLE II - DEFINITIONS. In this compact:

a product or to induce the public to purchase, increase, modify, reinstate, borrow on,
surrender, replace, or retain a policy, as more specifically defined in the rules and
operating procedures of the commission.

governance, or for directing or controlling the commission’s actions or conduct.

(L) To hire employees, professionals, or specialists, and elect or appoint officers, and to fix their compensation, define their duties and give them appropriate

(3) ARTICLE III - ESTABLISHMENT OF THE COMMISSION AND VENUE. The compacting states hereby create the interstate insurance product regulation commission. Pursuant to sub. (4), the commission will have the power to develop uniform standards for product lines, receive and provide prompt review of products filed therewith, and give approval to those product filings satisfying applicable uniform standards; provided, that it is not intended for the commission to be the exclusive entity for receipt and review of insurance product filings. Nothing herein shall prohibit any insurer from filing its product in any state wherein the insurer is licensed to conduct the business of insurance, and any such filing shall be subject to the laws of the state where filed. The commission is a body corporate and politic, and an instrumentality of the compacting states. The commission is solely responsible

pursuant to sub. (7), to the extent and in the manner provided in this compact; and
provided further, that any uniform standard established by the commission for
long-term care insurance products may provide the same or greater protections for
consumers as, but shall not provide less than, those protections set forth in the
National Association of Insurance Commissioners’ Long-Term Care Insurance
Model Act and Long-Term Care Insurance Model Regulation, respectively, adopted
as of 2001. The commission shall consider whether any subsequent amendments to
the National Association of Insurance Commissioners’ Long-Term Care Insurance
Model Act or Long-Term Care Insurance Model Regulation adopted by the National
Association of Insurance Commissioners require amending of the uniform standards
established by the commission for long-term care insurance products.
(c) To receive and review in an expeditious manner products filed with the commission, and rate filings for disability income and long-term care insurance products, and give approval of those products and rate filings that satisfy the applicable uniform standard, where such approval shall have the force and effect of law and be binding on the compacting states to the extent and in the manner provided in the compact.

(d) To receive and review in an expeditious manner advertisement relating to long-term care insurance products for which uniform standards have been adopted by the commission, and give approval to all advertisement that satisfies the applicable uniform standard. For any product covered under this compact, other than long-term care insurance products, the commission shall have the authority to require an insurer to submit all or any part of its advertisement with respect to that product for review or approval prior to use, if the commission determines that the nature of the product is such that an advertisement of the product could have the capacity or tendency to mislead the public. The actions of the commission as provided in this subsection shall have the force and effect of law and shall be binding in the compacting states to the extent and in the manner provided in the compact.

(e) To exercise its rule-making authority and designate products and advertisement that may be subject to a self-certification process without the need for prior approval by the commission.

(f) To promulgate operating procedures, pursuant to sub. (7), that shall be binding in the compacting states to the extent and in the manner provided in this compact.

commission; provided, that the standing of any state insurance department to sue
or be sued under applicable law shall not be affected.

and the production of evidence.

(k) To borrow, accept, or contract for services of personnel, including, but not
limited to, employees of a compacting state.

(L) To hire employees, professionals, or specialists, and elect or appoint officers,
and to fix their compensation, define their duties and give them appropriate
authority to carry out the purposes of the compact, and determine their
qualifications; and to establish the commission’s personnel policies and programs
relating to, among other things, conflicts of interest, rates of compensation, and
qualifications of personnel.

(m) To accept any and all appropriate donations and grants of money,
equipment, supplies, materials, and services, and to receive, utilize, and dispose of
the same; provided, that at all times the commission shall strive to avoid any
appearance of impropriety.

(n) To lease, purchase, accept appropriate gifts or donations of, or otherwise
own, hold, improve, or use, any property, real, personal, or mixed; provided, that at
all times the commission shall strive to avoid any appearance of impropriety.

(o) To sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise
dispose of any property, real, personal, or mixed.

(t) To provide advice and training to those personnel in state insurance departments responsible for product review, and to be a resource for state insurance departments.

(u) To establish a budget and make expenditures.

(v) To borrow money.

(w) To appoint committees, including advisory committees comprising members, state insurance regulators, state legislators or their representatives, insurance industry and consumer representatives, and such other interested persons as may be designated in the bylaws.

(z) To perform such other functions as may be necessary or appropriate to achieve the purposes of this compact consistent with the state regulation of the business of insurance.

**5** Article V - Organization of the Commission. (a) Each compacting state shall have one member. Each member shall be qualified to serve in such capacity
under the applicable law of the compacting state. Any member may be removed or
suspended from office as provided by the law of the state from which he or she shall
be appointed. Any vacancy occurring in the commission shall be filled in accordance
with the laws of the compacting state wherein the vacancy exists. Nothing herein
shall be construed to affect the manner in which a compacting state determines the
election or appointment and qualification of its own commissioner.

(b) Each member shall be entitled to one vote and shall have an opportunity
to participate in the governance of the commission in accordance with the bylaws.
Notwithstanding any provision herein to the contrary, no action of the commission
with respect to the promulgation of a uniform standard shall be effective unless
two-thirds of the members vote in favor thereof.

(c) The commission shall, by a majority of the members, prescribe bylaws to
govern its conduct as may be necessary or appropriate to carry out the purposes, and
exercise the powers, of the compact, including, but not limited to:

1. Establishing the fiscal year of the commission.

2. Providing reasonable procedures for appointing and electing members, as
well as holding meetings, of the management committee.

3. Providing reasonable standards and procedures for all of the following:
   a. The establishment and meetings of other committees.
   b. Governing any general or specific delegation of any authority or function of
      the commission.

4. Providing reasonable procedures for calling and conducting meetings of the
commission that consist of a majority of commission members, ensuring reasonable
advance notice of each such meeting, and providing for the right of citizens to attend
each such meeting with enumerated exceptions designed to protect the public's
interest, the privacy of individuals, and insurers’ proprietary information, including trade secrets. The commission may meet in camera only after a majority of the entire membership votes to close a meeting en toto or in part. As soon as practicable, the commission must make public all of the following:

a. A copy of the vote to close the meeting revealing the vote of each member with no proxy votes allowed.
b. Votes taken during such meeting.

c. Establishing the titles, duties, and authority, and reasonable procedures for the election, of the officers of the commission.

d. Providing reasonable standards and procedures for the establishment of the personnel policies and programs of the commission. Notwithstanding any civil service or other similar laws of any compacting state, the bylaws shall exclusively govern the personnel policies and programs of the compacting state.

e. Promulgating a code of ethics to address permissible and prohibited activities of commission members and employees.

f. Providing a mechanism for winding up the operations of the commission and the equitable disposition of any surplus funds that may exist after the termination of the compact after the payment or reserving of all of its debts and obligations.

d) The commission shall publish its bylaws in a convenient form and file a copy thereof and any amendment thereto, with the appropriate agency or officer in each of the compacting states.

e) A management committee comprising no more than 14 members shall be established as follows:

1. One member from each of the 6 compacting states with the largest premium volume for individual and group annuities, life insurance, disability income, and
long-term care insurance products, determined from the records of the National
Association of Insurance Commissioners for the prior year.

2. Four members from those compacting states with at least 2 percent of the
market based on the premium volume described in subd. 1., other than the 6
compacting states with the largest premium volume, selected on a rotating basis as
provided in the bylaws.

3. Four members from those compacting states with less than 2 percent of the
market, based on the premium volume described in subd. 1., with one selected from
each of the 4 zone regions of the National Association of Insurance Commissioners
as provided in the bylaws.

(f) The management committee shall have such authority and duties as may
be set forth in the bylaws, including, but not limited to, all of the following:

1. Managing the affairs of the commission in a manner consistent with the
bylaws and purposes of the commission.

2. Establishing and overseeing an organizational structure within, and
appropriate procedures for, the commission to provide for the creation of uniform
standards and other rules, receipt and review of product filings, administrative and
technical support functions, review of decisions regarding the disapproval of a
product filing, and the review of elections made by a compacting state to opt out of
a uniform standard; provided, that a uniform standard shall not be submitted to the
compacting states for adoption unless approved by two-thirds of the members of the
management committee.

3. Overseeing the offices of the commission.
4. Planning, implementing, and coordinating communications and activities with other state, federal, and local government organizations in order to advance the goals of the commission.

(g) The commission shall elect annually officers from the management committee, with each having such authority and duties as may be specified in the bylaws.

(h) The management committee may, subject to the approval of the commission, appoint or retain an executive director for such period, upon such terms and conditions, and for such compensation as the commission determines appropriate. The executive director shall serve as secretary to the commission, but may not be a member of the commission. The executive director shall hire and supervise such other staff as may be authorized by the commission.

(i) A legislative committee comprising state legislators or their designees shall be established to monitor the operations of, and make recommendations to, the commission, including the management committee; provided, that the manner of selection and term of any legislative committee member shall be as set forth in the bylaws. Prior to the adoption by the commission of any uniform standard, revision to the bylaws, annual budget, or other significant matter as may be provided in the bylaws, the management committee shall consult with and report to the legislative committee.

(j) The commission shall establish 2 advisory committees, one of which shall comprise consumer representatives independent of the insurance industry, and the other comprising insurance industry representatives.

(k) The commission may establish additional advisory committees as its bylaws may provide for the carrying out of its functions.
(L) The commission shall maintain its corporate books and records in accordance with the bylaws.

(m) The members, officers, executive director, employees, and representatives of the commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of or relating to any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred, within the scope of commission employment, duties, or responsibilities; provided, that nothing in this paragraph shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of that person.

(n) The commission shall defend any member, officer, executive director, employee, or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided, that nothing herein shall be construed to prohibit that person from retaining his or her own counsel; and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional or willful and wanton misconduct.

(o) The commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual
or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided, that the actual or alleged act, error, or omission did not result from the intentional or willful and wanton misconduct of that person.

(p) Section 893.80 does not apply to claims against the commission.

(6) ARTICLE VI - MEETINGS AND ACTS OF THE COMMISSION. (a) The commission shall meet and take such actions as are consistent with the provisions of this compact and the bylaws.

(b) Each member of the commission shall have the right and power to cast a vote to which that compacting state is entitled and to participate in the business and affairs of the commission. A member shall vote in person or by such other means as provided in the bylaws. The bylaws may provide for members’ participation in meetings by telephone or other means of communication.

(c) The commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the bylaws.

(7) ARTICLE VII - RULES AND OPERATING PROCEDURES; RULE-MAKING FUNCTIONS OF THE COMMISSION AND OPTING OUT OF UNIFORM STANDARDS. (a) The commission shall promulgate reasonable rules, including uniform standards, and operating procedures in order to effectively and efficiently achieve the purposes of this compact. Notwithstanding the foregoing, in the event the commission exercises its rule-making authority in a manner that is beyond the scope of the purposes of this section, or the powers granted hereunder, then such an action by the commission shall be invalid and have no force and effect.
(b) Rules and operating procedures shall be made pursuant to a rule-making process that conforms to the Model State Administrative Procedure Act of 1981 as amended, as may be appropriate to the operations of the commission. Before the commission adopts a uniform standard, the commission shall give written notice to all relevant state legislative committees in each compacting state responsible for insurance issues of its intention to adopt the uniform standard. The commission in adopting a uniform standard shall consider fully all submitted materials and issue a concise explanation of its decision.

(c) A uniform standard shall become effective 90 days after its promulgation by the commission or such later date as the commission may determine; provided, that a compacting state may opt out of a uniform standard as provided in this subsection. “Opt out” shall be defined as any action by a compacting state to decline to adopt or participate in a promulgated uniform standard. All other rules and operating procedures, and amendments thereto, shall become effective as of the date specified in each rule, operating procedure, or amendment.

(d) 1. A compacting state may opt out of a uniform standard either by legislation or regulation duly promulgated by the insurance department under the compacting state’s administrative procedure act. If a compacting state elects to opt out of a uniform standard by regulation, it must give written notice to the commission no later than 10 business days after the uniform standard is promulgated, or at the time the state becomes a compacting state, and find that the uniform standard does not provide reasonable protections to the citizens of the state, given the conditions in the state. The commissioner shall make specific findings of fact and conclusions of law, based on a preponderance of the evidence, detailing the conditions in the state that warrant a departure from the uniform standard and determining that the uniform
standard would not reasonably protect the citizens of the state. The commissioner
must consider and balance all of the following factors and find that the conditions in
the state and needs of the citizens of the state outweigh all of the following factors:

a. The intent of the legislature to participate in, and the benefits of, an
interstate agreement to establish national uniform consumer protections for the
products subject to this section.

b. The presumption that a uniform standard adopted by the commission
provides reasonable protections to consumers of the relevant product.

2. Notwithstanding subd. 1., a compacting state may, at the time of its
enactment of this compact, prospectively opt out of all uniform standards involving
long-term care insurance products by expressly providing for such opt out in the
enacted compact, and such an opt out may not be treated as a material variance in
the offer or acceptance of any state to participate in this compact. Such an opt out
shall be effective at the time of enactment of this compact by the compacting state
and shall apply to all existing uniform standards involving long-term care insurance
products and those subsequently promulgated.

(e) If a compacting state elects to opt out of a uniform standard, the uniform
standard shall remain applicable in the compacting state electing to opt out until
such time as the opt out legislation is enacted into law or the regulation opting out
becomes effective. Once the opt out of a uniform standard by a compacting state
becomes effective as provided under the laws of that state, the uniform standard
shall have no further force or effect in that state unless and until the legislation or
regulation implementing the opt out is repealed or otherwise becomes ineffective
under the laws of the state. If a compacting state opts out of a uniform standard after
the uniform standard has been made effective in that state, the opt out shall have
the same prospective effect as provided under sub. (14) for withdrawals.

(f) If a compacting state has formally initiated the process of opting out of a
uniform standard by regulation, and while the regulatory opt out is pending, the
compacting state may petition the commission, at least 15 days before the effective
date of the uniform standard, to stay the effectiveness of the uniform standard in that
state. The commission may grant a stay if it determines the regulatory opt out is
being pursued in a reasonable manner and there is a likelihood of success. If a stay
is granted or extended by the commission, the stay or extension thereof may postpone
the effective date by up to 90 days, unless affirmatively extended by the commission;
provided, that a stay may not be permitted to remain in effect for more than one year
unless the compacting state can show extraordinary circumstances that warrant a
continuance of the stay, including, but not limited to, the existence of a legal
challenge that prevents the compacting state from opting out. A stay may be
terminated by the commission upon notice that the rule-making process has been
terminated.

(g) Not later than 30 days after a rule or operating procedure is promulgated,
any person may file a petition for judicial review of the rule or operating procedure;
provided, that the filing of such a petition may not stay or otherwise prevent the rule
or operating procedure from becoming effective unless the court finds that the
petitioner has a substantial likelihood of success. The court shall give deference to
the actions of the commission consistent with applicable law and shall not find the
rule or operating procedure to be unlawful if the rule or operating procedure
represents a reasonable exercise of the commission’s authority.
(8) ARTICLE VIII - COMMISSION RECORDS AND ENFORCEMENT. (a) The commission shall promulgate rules establishing conditions and procedures for public inspection and copying of its information and official records, except such information and records involving the privacy of individuals and insurers' trade secrets. The commission may promulgate additional rules under which it may make available to federal and state agencies, including law enforcement agencies, records and information otherwise exempt from disclosure, and may enter into agreements with such agencies to receive or exchange information or records subject to nondisclosure and confidentiality provisions.

(b) Except as to privileged records, data, and information, the laws of any compacting state pertaining to confidentiality or nondisclosure may not relieve any compacting state commissioner of the duty to disclose any relevant records, data, or information to the commission; provided, that disclosure to the commission shall not be deemed to waive or otherwise affect any confidentiality requirement; and provided further, that, except as otherwise expressly provided in this section, the commission shall not be subject to the compacting state's laws pertaining to confidentiality and nondisclosure with respect to records, data, and information in its possession. Confidential information of the commission shall remain confidential after such information is provided to any commissioner.

(c) The commission shall monitor compacting states for compliance with duly adopted bylaws, rules, including uniform standards, and operating procedures. The commission shall notify any noncomplying compacting state in writing of its noncompliance with commission bylaws, rules, or operating procedures. If a noncomplying compacting state fails to remedy its noncompliance within the time
specified in the notice of noncompliance, the compacting state shall be deemed to be in default under sub. (14).

(d) The commissioner of any state in which an insurer is authorized to do business, or is conducting the business of insurance, shall continue to exercise his or her authority to oversee the market regulation of the activities of the insurer in accordance with the provisions of the state’s law. The commissioner’s enforcement of compliance with the compact is governed by the following provisions:

1. With respect to the commissioner’s market regulation of a product or advertisement that is approved by or certified to the commission, the content of the product or advertisement shall not constitute a violation of the provisions, standards, or requirements of the compact except upon a final order of the commission, issued at the request of a commissioner after prior notice to the insurer and an opportunity for hearing before the commission.

2. Before a commissioner may bring an action for violation of any provision, standard, or requirement of the compact relating to the content of an advertisement not approved by or certified to the commission, the commission, or an authorized commission officer or employee, must authorize the action. However, authorization pursuant to this subdivision does not require notice to the insurer, opportunity for hearing, or disclosure of requests for authorization or records of the commission’s action on such requests.

(9) ARTICLE IX - DISPUTE RESOLUTION. The commission shall attempt, upon the request of a member, to resolve any disputes or other issues that are subject to this compact and that may arise between 2 or more compacting states, or between compacting states and noncompacting states, and the commission shall promulgate an operating procedure providing for resolution of such disputes.
(10) ARTICLE X - PRODUCT FILING AND APPROVAL. (a) Insurers and 3rd-party filers seeking to have a product approved by the commission shall file the product with, and pay applicable filing fees to, the commission. Nothing in this section shall be construed to restrict or otherwise prevent an insurer from filing its product with the insurance department in any state wherein the insurer is licensed to conduct the business of insurance, and such filing shall be subject to the laws of the states where filed.

(b) The commission shall establish appropriate filing and review processes and procedures pursuant to commission rules and operating procedures. Notwithstanding any provision herein to the contrary, the commission shall promulgate rules to establish conditions and procedures under which the commission will provide public access to product filing information. In establishing such rules, the commission shall consider the interests of the public in having access to such information, as well as protection of personal medical and financial information and trade secrets, that may be contained in a product filing or supporting information.

(c) Any product approved by the commission may be sold or otherwise issued in those compacting states for which the insurer is legally authorized to do business.

(11) ARTICLE XI - REVIEW OF COMMISSION DECISIONS REGARDING FILINGS. (a) Not later than 30 days after the commission has given notice of a disapproved product or advertisement filed with the commission, the insurer or 3rd-party filer whose filing was disapproved may appeal the determination to a review panel appointed by the commission. The commission shall promulgate rules to establish procedures for appointing such review panels and provide for notice and hearing. An allegation that the commission, in disapproving a product or advertisement filed with the
commission, acted arbitrarily, capriciously, or in a manner that is an abuse of discretion or otherwise not in accordance with the law, is subject to judicial review in accordance with sub. (3).

(b) The commission shall have authority to monitor, review, and reconsider products and advertisement subsequent to their filing or approval upon a finding that the product does not meet the relevant uniform standard. Where appropriate, the commission may withdraw or modify its approval after proper notice and hearing, subject to the appeal process in par. (a).

(12) ARTICLE XII - FINANCE. (a) The commission shall pay or provide for the payment of the reasonable expenses of its establishment and organization. To fund the cost of its initial operations, the commission may accept contributions and other forms of funding from the National Association of Insurance Commissioners, compacting states, and other sources. Contributions and other forms of funding from other sources shall be of such a nature that the independence of the commission concerning the performance of its duties shall not be compromised.

(b) The commission shall collect a filing fee from each insurer and 3rd-party filer filing a product with the commission to cover the cost of the operations and activities of the commission and its staff in a total amount sufficient to cover the commission’s annual budget.

(c) The commission’s budget for a fiscal year may not be approved until it has been subject to notice and comment as set forth in sub. (7).

(d) The commission shall be exempt from all taxation in and by the compacting states.

(e) The commission may not pledge the credit of any compacting state, except by and with the appropriate legal authority of that compacting state.
(f) The commission shall keep complete and accurate accounts of all its internal receipts, including grants and donations, and disbursements of all funds under its control. The internal financial accounts of the commission shall be subject to the accounting procedures established under its bylaws. The financial accounts and reports including the system of internal controls and procedures of the commission shall be audited annually by an independent certified public accountant. Upon the determination of the commission, but no less frequently than every 3 years, the review of the independent auditor shall include a management and performance audit of the commission. The commission shall make an annual report to the governor and legislature of each of the compacting states, which shall include a report of the independent audit. The commission’s internal accounts shall not be confidential and such materials may be shared with the commissioner of any compacting state upon request; provided, that any work papers related to any internal or independent audit and any information regarding the privacy of individuals and insurers’ proprietary information, including trade secrets, shall remain confidential.

(g) No compacting state shall have any claim to or ownership of any property held by or vested in the commission or to any commission funds held pursuant to the provisions of this compact.

(13) ARTICLE XIII - COMPACTING STATES, EFFECTIVE DATE, AND AMENDMENT. (a) Any state is eligible to become a compacting state.

(b) The compact shall become effective and binding upon legislative enactment of the compact into law by 2 compacting states; provided, that the commission shall become effective for purposes of adopting uniform standards for, reviewing, and giving approval or disapproval of, products filed with the commission that satisfy
applicable uniform standards only after 26 states are compacting states or, alternatively, only after states representing greater than 40 percent of the premium volume for life insurance, annuity, disability income, and long-term care insurance products, based on records of the National Association of Insurance Commissioners for the prior year, are compacting states. Thereafter, it shall become effective and binding as to any other compacting state upon enactment of the compact into law by that state.

(c) Amendments to the compact may be proposed by the commission for enactment by the compacting states. No amendment shall become effective and binding upon the commission and the compacting states unless and until all compacting states enact the amendment into law.

(14) ARTICLE XIV - WITHDRAWAL, DEFAULT, AND TERMINATION. (a) Once effective, the compact shall continue in force and remain binding upon each and every compacting state; provided, that a compacting state may withdraw from the compact ("withdrawing state") by enacting a statute specifically repealing the statute that enacted the compact into law.

(b) The effective date of withdrawal is the effective date of the repealing statute. The withdrawal shall not apply to any product filings approved or self-certified, or any advertisement of such products, on the date the repealing statute becomes effective, except by mutual agreement of the commission and the withdrawing state, unless the approval is rescinded by the withdrawing state as provided in par. (e).

(c) The commissioner of the withdrawing state shall immediately notify the management committee in writing upon the introduction of legislation repealing this compact in the withdrawing state.
(d) The commission shall notify the other compacting states of the introduction of such legislation within 10 days after its receipt of notice thereof.

(e) The withdrawing state is responsible for all obligations, duties, and liabilities incurred through the effective date of withdrawal, including any obligations, the performance of which extend beyond the effective date of withdrawal, except to the extent those obligations may have been released or relinquished by mutual agreement of the commission and the withdrawing state.

The commission’s approval of products and advertisement prior to the effective date of withdrawal shall continue to be effective and be given full force and effect in the withdrawing state, unless formally rescinded by the withdrawing state in the same manner as provided by the laws of the withdrawing state for the prospective disapproval of products or advertisement previously approved under state law.

(f) Reinstatement following withdrawal of any compacting state shall occur upon the effective date of the withdrawing state reenacting the compact.

(g) If the commission determines that any compacting state has at any time defaulted (“defaulting state”) in the performance of any of its obligations or responsibilities under this compact, the bylaws, or duly promulgated rules or operating procedures, then, after notice and hearing as set forth in the bylaws, all rights, privileges, and benefits conferred by this compact on the defaulting state shall be suspended from the effective date of default as fixed by the commission. The grounds for default include, but are not limited to, failure of a compacting state to perform its obligations or responsibilities and any other grounds designated in commission rules. The commission shall immediately notify the defaulting state in writing of the defaulting state’s suspension pending a cure of the default. The commission shall stipulate the conditions and the time period within which the
defaulting state must cure its default. If the defaulting state fails to cure the default within the time period specified by the commission, the defaulting state shall be terminated from the compact and all rights, privileges, and benefits conferred by this compact shall be terminated from the effective date of termination.

(h) Product approvals by the commission or product self-certifications, or any advertisement in connection with such product, that are in force on the effective date of termination shall remain in force in the defaulting state in the same manner as if the defaulting state had withdrawn voluntarily under par. (a).

(i) Reinstatement following termination of any compacting state requires a reenactment of the compact.

(j) The compact dissolves effective upon the date of the withdrawal or default of the compacting state that reduces membership in the compact to one compacting state.

(k) Upon the dissolution of this compact, the compact becomes null and void and shall be of no further force or effect, and the business and affairs of the commission shall be wound up and any surplus funds shall be distributed in accordance with the bylaws.

(15) ARTICLE XV - SEVERABILITY AND CONSTRUCTION. (a) The provisions of this compact shall be severable; and if any phrase, clause, sentence, or provision is deemed unenforceable, the remaining provisions of the compact shall be enforceable.

(b) The provisions of this compact shall be liberally construed to effectuate its purposes.

(16) ARTICLE XVI - BINDING EFFECT OF COMPACT AND OTHER LAWS. (a) Nothing herein prevents the enforcement of any other law of a compacting state, except as provided in par. (b).
(b) For any product approved by or certified to the commission, the rules, uniform standards, and any other requirements of the commission shall constitute the exclusive provisions applicable to the content, approval, and certification of such products. For advertisement that is subject to the commission’s authority, any rule, uniform standard, or other requirement of the commission that governs the content of the advertisement shall constitute the exclusive provision that a commissioner may apply to the content of the advertisement. Notwithstanding the foregoing, no action taken by the commission shall abrogate or restrict any of the following:

1. The access of any person to state courts.

2. Remedies available under state law related to breach of contract, tort, or other laws not specifically directed to the content of the product.

3. State law relating to the construction of insurance contracts.

4. The authority of the secretary of agriculture, trade and consumer protection or the attorney general of the state, including, but not limited to, maintaining any actions or proceedings, as authorized by law.

(c) All insurance products filed with individual states shall be subject to the laws of those states.

(d) All lawful actions of the commission, including all rules and operating procedures promulgated by the commission, are binding upon the compacting states. All agreements between the commission and the compacting states are binding in accordance with their terms. Upon the request of a party to a conflict over the meaning or interpretation of commission actions, and upon a majority vote of the compacting states, the commission may issue advisory opinions regarding the meaning or interpretation in dispute.
(e) In the event any provision of this compact exceeds the constitutional limits imposed on the legislature of any compacting state, the obligations, duties, powers, or jurisdiction sought to be conferred by that provision upon the commission shall be ineffective as to that compacting state, and such obligations, duties, powers, or jurisdiction shall remain in the compacting state and shall be exercised by the agency thereof to which such obligations, duties, powers, or jurisdiction are delegated by law in effect at the time this compact becomes effective.
