AN ACT to repeal 45.20 (2) (f); and to create 45.20 (2) (g) of the statutes; relating to: the veterans tuition reimbursement program.

Analysis by the Legislative Reference Bureau

As a condition for receiving reimbursement for tuition from the Department of Veterans Affairs (DVA), current law requires a veteran, within a certain time after the commencement of the academic term, to provide DVA with all of the following information:

1. The veteran’s name.
2. The educational institution the veteran is attending.
3. Whether the veteran is enrolled full time or part time.
4. An estimate of the amount of tuition reimbursement the veteran will later claim.

This bill eliminates that requirement and prohibits DVA from requiring, as a condition for eligibility, any report or application by the veteran, other than the application required within 60 days after completion of the semester or course for which tuition reimbursement is requested.

The bill requires DVA to review all applications for tuition reimbursement that were denied for a semester or course that began after August 15, 2007, and before the effective date of the bill and to provide that reimbursement if the veteran was eligible, except that he or she failed to submit the information required after the commencement of the course. The bill also allows a veteran 60 days after the effective date of the bill to apply for tuition reimbursement for a semester or course that began after August 15, 2007, and before the effective date of the bill. If the
SENATE BILL 307

veteran meets all of the eligibility criteria, except that he or she failed to submit the information required after the commencement of the course, the bill requires DVA to provide that reimbursement.
