AN ACT to amend 71.05 (6) (a) 15., 71.07 (5b) (c) 1., 71.07 (5d) (c) 1., 71.21 (4),
71.26 (2) (a), 71.28 (5b) (c) 1., 71.34 (1) (g), 71.45 (2) (a) 10., 71.47 (5b) (c) 1., 77.92
(4), 560.205 (1) (f), 560.205 (1) (h) and 560.205 (3) (d) of the statutes; relating
to: allocating early stage seed and angel investment credits and excluding early
stage seed and angel investment credits from taxable income.

Analysis by the Legislative Reference Bureau
Under current law, generally, a taxpayer may claim a credit against the
taxpayer’s income and franchise tax liability on certain amounts invested in new businesses under the early stage seed investment tax credit or the angel investment tax credit. However, consistent with the administration of other tax credits, a taxpayer who claims an early stage seed investment or angel investment tax credit must include the amount of the credit in the calculation of the taxpayer’s taxable income. Under this bill, for income and franchise tax purposes, a taxpayer does not include the amount of the early stage seed investment or angel investment tax credit in the calculation of the taxpayer’s taxable income.

Under current law, the total amount of early stage seed investment credits that taxpayers may claim for all taxable years combined is $35,000,000 and the total amount of angel investment credits that taxpayers may claim for all taxable years combined is $30,000,000. Under this bill, the total amount of early stage seed investment credits and angel investment credits that taxpayers may claim for all taxable years combined is $65,000,000.
SENATE BILL 334

Under current law, the Department of Commerce (Commerce) may certify businesses to receive angel investments if the businesses meet certain criteria, such as having less than 100 employees. Under the bill, for certification purposes, Commerce must give preference to businesses with less than 100 employees, but may certify businesses with 100 employees or more and allow tax credits in lesser amounts for investments in such businesses. In addition, the bill allows Commerce to certify a business that is testing or producing a product at the time that business seeks certification.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.
