Analysis by the Legislative Reference Bureau

BadgerCare Plus (BC+) is a Medical Assistance (MA) program that was approved in the biennial budget act. BC+, which will be administered by the Department of Health and Family Services (DHFS), provides health care benefits under two different plans, depending on the basis for a recipient’s eligibility, to recipients who satisfy financial and nonfinancial eligibility criteria. The first plan
SENATE BILL 518

provides the same benefits that are provided under regular MA. Individuals eligible for BC+ benefits under that plan (regular MA plan) include: a pregnant woman whose family income does not exceed 200 percent of the poverty level (poverty); a child under one year of age whose mother, on the day on which the child was born, was eligible for and receiving benefits under MA or BC+ under the regular MA plan; any child whose family income does not exceed 200 percent of poverty; an individual whose family income does not exceed 200 percent of poverty and who is the parent or caretaker relative of a child who is, generally, living in the home of the parent or caretaker relative; certain migrant workers and their dependents; and an individual between 18 and 21 years of age who was in foster care on his or her 18th birthday.

The second plan, called the Benchmark Plan, provides specified benefits, including, but not limited to, coverage for prescription drugs; physicians’ services; inpatient and outpatient hospital services; home health services; physical, occupational, and speech therapy; treatment for nervous and mental disorders and alcoholism and other drug abuse problems; durable medical equipment; and transportation to obtain emergency medical care. Individuals eligible for BC+ benefits under the Benchmark Plan include: a pregnant woman whose family income exceeds 200 percent, but does not exceed 300 percent, of poverty; a child under one year of age whose mother, on the day on which the child was born, was eligible for and receiving BC+ benefits under the Benchmark Plan; any child whose family income exceeds 200 percent, but does not exceed 300 percent, of poverty; and an individual whose family income exceeds 200 percent, but does not exceed 300 percent, of poverty and who is the parent or caretaker relative of a child who is, generally, living in the home of the parent or caretaker relative. In addition, any child whose family income exceeds 300 percent of poverty may purchase coverage under the Benchmark Plan at the full per member per month cost of the coverage.

This bill makes a number of changes to BC+, including the following:

1) Specifies that DHFS will provide prenatal care services under the regular MA plan for a pregnant woman with presumptive eligibility (has not applied for benefits but satisfies the eligibility criteria) whose income is not greater than 200 percent of the poverty level (poverty) and will provide prenatal care services under the Benchmark Plan for a pregnant woman with presumptive eligibility whose income is greater than 200 percent but not greater than 300 percent of poverty.

2) Specifies that any pregnant woman is eligible for benefits for any of the three months before applying for benefits if she met the eligibility criteria during that month. Under current law, only a pregnant woman whose income is less than 150 percent of poverty is eligible for benefits for any of the three months before she applied for benefits.

3) Specifies that only a pregnant woman with income greater than 300 percent of poverty may obtain eligibility for BC+ benefits if medical expenses reduce her income to the applicable limit for eligibility. Current law provides that any pregnant woman or unborn child may obtain eligibility if medical expenses reduce income.

4) Provides that for determining financial eligibility, a person’s income will be reduced by the amount of a court-ordered obligation, up to amount of the person’s income. Current law reduces income by the amount the person pays in child support.
SENNATE BILL 518

5) Provides that a person who loses eligibility for six months for failure to pay a premium retains eligibility in any month during that six-month period when their family income is not more than 150 percent of poverty.

6) Extends eligibility for MA coverage for 12, rather than 18, months for a person over 18 years of age who was receiving MA when BC+ was implemented, who lost eligibility for MA solely because of the implementation of BC+, and who does not meet the income eligibility criteria of BC+.

7) Clarifies that a parent or caretaker relative of a child may be eligible for BC+ if the child is absent from the home but the parent or caretaker relative is complying with a permanency plan prepared under the juvenile justice code provisions of the statutes, as well as under the children’s code provisions of the statutes.

8) Provides that certain persons who are eligible for an extension of MA benefits when their household incomes increase above poverty are eligible for BC+ benefits under the regular MA plan, are not required to pay a premium for the extension of benefits, and do not lose eligibility due to having access to employer-sponsored health insurance.

9) Clarifies that a child whose family income exceeds 150 percent of poverty and who may obtain eligibility if the difference between his or her family income and 150 percent of poverty is obligated or expended for medical care or health insurance premiums is one who is ineligible solely for reasons related to having certain types of access to certain types of health insurance coverage.

10) Provides that, if approval of the state plan amendments do not allow for federal funding for benefits for any part or all of one or more of the eligibility groups, DHFS may in its discretion pay for benefits for any part of any group for which federal funding is denied with moneys from a specified general purpose revenue appropriation.
