Analysis by the Legislative Reference Bureau

Under current law, the governing body of a municipality may not enact a traffic ordinance unless the ordinance strictly conforms to current state traffic law or the ordinance is expressly authorized by law. State law imposes liability on the owner of a vehicle that is observed violating certain laws or local ordinances, including laws or local ordinances that prohibit fleeing a traffic officer, failing to yield the
right-of-way to an emergency vehicle or funeral procession, passing a fire truck or school bus, and parking in a parking space designated for vehicles with special registration plates.

This bill authorizes the governing body of a county, city, village, or town to enact an ordinance that permits the use of a traffic control photographic system (TCPS) on highways under the jurisdiction of the county, city, village, or town to detect and identify motor vehicles that fail to stop at red traffic signals at intersections and to wait for a green signal (red light violations). A TCPS is defined as an electronic system that consists of a photographic, video, or electronic camera and a vehicle sensor that work in conjunction with a traffic control signal to automatically produce photographs, stamped with the time and date, of motor vehicles traveling through an intersection. With exceptions, the vehicle owner is subject to a forfeiture for the red light violation detected by a TCPS, but if the vehicle owner successfully asserts certain defenses, the lessee or operator of the vehicle is subject to a forfeiture for the violation. The bill requires the ordinance to include a provision that allows a traffic officer employed by the county, city, village, or town to issue a citation to the owner of a vehicle for a red light violation that is detected by a TCPS or, in limited circumstances, to the operator of such a vehicle. The ordinance must require the local authority to send to the owner, or in limited circumstances the lessee or operator, of the vehicle, by certified mail, the traffic citation and a duplicate of the photograph, video, or digital image of the vehicle failing to stop at a red traffic signal. The ordinance also must require that any photograph or other image produced by the TCPS be focused on the rear license plate of the vehicles moving through an intersection. The governing body of a county, city, village, or town that uses a TCPS is required to erect signs at a sufficient distance from an intersection monitored by a TCPS to warn motor vehicle operators that the intersection is monitored by a TCPS.

If an owner is issued a traffic citation for a violation of the local ordinance, it is not a defense that the owner was not in control of the vehicle at the time of the violation, except that the owner may assert the following defenses:

1. The vehicle was reported stolen before the violation occurred or within a reasonable time after the violation occurred.
2. If the vehicle is owned by, and registered in the name of, a lessor, a lessee who is identified by the lessor had possession of the vehicle at the time of the traffic signal violation. The lessee may be issued a citation for the red light violation.
3. If the vehicle is owned by a motor vehicle dealer, the vehicle was being operated by another person on a trial run and the dealer provided a traffic officer with the person’s name, address, and operator’s license number. The vehicle operator may be issued a citation for the red light violation.
4. Any other defense established by the county, city, village, or town that is specified in the ordinance.

Except for the service requirements described above, the procedure applicable to citations for red light violations detected by a TCPS is the same as that applicable to citations for nonmoving traffic violations (parking tickets), including potential vehicle registration suspension for unpaid citations. A person convicted of a red light
violation detected by a TCPS is subject to a forfeiture of not more than $50 but is not subject to additional surcharges, costs, or fees. The person’s operating privilege may not be suspended or revoked and the person may not be assessed any demerit points on his or her driving record.

For further information see the state and local fiscal estimate, which will be printed as an appendix to this bill.

If the license is deposited with the officer, the officer shall issue to the licensee a receipt, on a form provided by the department, which is valid as an operator’s license through a date specified on the receipt, not to exceed 30 days from the date of contact, which shall be the same as the court appearance date and the officer shall at the earliest possible time prior to the court appearance date deposit the license with the court. The officer shall notify the person who deposits money or his or her license, in writing, of the specific actions which the authority and the courts are authorized to take under this section if the person fails to appear in court at the time specified by the officer, not to exceed 30 days from the date of contact, or at any subsequent court appearance for the nonmoving traffic violation or red light violation. If the person makes a deposit of money or deposits his or her valid Wisconsin operator’s license, the officer shall return the warrant to the court or judge who issued the warrant and the court or judge shall vacate the warrant.

If the court enters judgment under s. 345.47 (1), the court shall give notice of the entry of judgment to the defendant by mailing a copy of the judgment to the defendant’s last-known address. The court shall also mail to the defendant’s last-known address a statement setting forth the actions the court may take under s. 345.47 if the judgment is not paid. In lieu of accepting the plea of no contest, the court may issue a warrant commanding that the person be arrested and brought before the court. Unless the case is tried immediately with the person’s consent, any person who is arrested on a warrant issued under this subdivision may be released on his or her own recognizance or on posting bond or may be released without bail and shall be released if the person posts cash bail for his or her appearance. The court may retain the person’s license, but the person’s operating privilege may not be suspended until after judgment is entered under s. 345.47 and the judgment is not paid.

**Section 18.** 345.28 (7) of the statutes is amended to read:

345.28 (7) Nothing in this section prevents a court from issuing a warrant under s. 345.36 or 345.37 if the person appears in court in response to a citation for a nonmoving traffic violation or red light violation or after notice by the authority who issued the citation or the department under sub. (4) with respect to the citation or on the date specified by the officer or the court under sub. (5) and then fails to
appear in court at any time fixed by subsequent postponement. Unless the case is tried immediately with the person’s consent, any person who is arrested on a warrant issued under this subsection may be released on his or her own recognizance or on posting bond or may be released without bail and shall be released if the person posts cash bail for his or her appearance.

SECTION 19. 345.30 of the statutes is amended to read:

345.30 Jurisdiction. Jurisdiction over actions for violation of traffic regulations and, nonmoving traffic violations, and violations of ordinances enacted under s. 349.107 is conferred upon circuit courts. Municipal courts shall have jurisdiction over traffic regulations enacted in accordance with s. 349.06 and, over actions for violations of nonmoving traffic ordinances enacted in accordance with s. 349.06 or 349.13, and over actions for violations of ordinances enacted under s. 349.107.

SECTION 20. 345.31 of the statutes is amended to read:

345.31 Venue in traffic regulation actions. Section 971.19 on place of trial in criminal actions applies to actions for the violation of traffic regulations and, nonmoving traffic violations, and violations of ordinances enacted under s. 349.107 except that, in the case of a violation of an ordinance of a municipality which is located in more than one county, the action may be brought in any court sitting in that municipality even though in another county. As an alternative, the plaintiff may bring the action in the county where the defendant resides.

SECTION 21. 345.315 (1) of the statutes is amended to read:

345.315 (1) In traffic regulation and nonmoving traffic violation cases, and in cases involving violations of ordinances enacted under s. 349.107, a person charged with a violation may file a written request for a substitution of a different judge for
the judge originally assigned to the trial of that case. The written request shall be
filed not later than 7 days after the initial appearance in person or by an attorney.
If a new judge is assigned to the trial of a case and the defendant has not exercised
the right to substitute an assigned judge, a written request for the substitution of the
new judge may be filed within 10 days of the giving of actual notice or sending of the
notice of assignment to the defendant or the defendant’s attorney. If the notification
occurs within 10 days of the date set for trial, the request shall be filed within 48
hours of the giving of actual notice or sending of the notice of assignment to the
defendant or the defendant’s attorney. If the notification occurs within 48 hours of
the trial or if there has been no notification, the defendant may make an oral or
written request for substitution prior to the commencement of the proceedings. The
judge against whom a request has been filed may set initial bail and accept a plea.

SECTION 22. 345.36 (3) of the statutes is amended to read:

345.36 (3) If the offense involved is a nonmoving traffic violation or violation
of an ordinance enacted under s. 349.107 and the defendant is subject to s. 345.28
(5) (c), a default judgment may be entered and opened as provided in s. 345.28 (5) (c).

SECTION 23. 345.37 (1) (b) of the statutes is amended to read:

345.37 (1) (b) Deem the nonappearance a plea of no contest and enter judgment
accordingly. If the defendant has posted bond for appearance at that date, the court
may also order the bond forfeited. The court shall promptly mail a copy or notice of
the judgment to the defendant. The judgment shall allow not less than 20 days from
the date thereof for payment of any forfeiture, plus costs, fees, and surcharges
imposed under ch. 814. If the defendant moves to open the judgment within 6 months
after the court appearance date fixed in the citation, and shows to the satisfaction
of the court that the failure to appear was due to mistake, inadvertence, surprise, or
excusable neglect, the court shall open the judgment, accept a not guilty plea, and
set a trial date. The court may impose costs under s. 814.07. The court shall
immediately notify the department to delete the record of conviction based upon the
original judgment. If the offense involved is a nonmoving traffic violation or violation
of an ordinance enacted under s. 349.107 and the defendant is subject to s. 345.28
(5) (c), a default judgment may be entered and opened as provided in s. 345.28 (5) (c).

SECTION 24. 345.47 (1) (b) of the statutes is amended to read:

345.47 (1) (b) In lieu of imprisonment and in addition to any other suspension
or revocation, that the defendant’s operating privilege be suspended. The operating
privilege shall be suspended for 30 days or until the person pays the forfeiture, plus
costs, fees, and surcharges imposed under ch. 814, but not to exceed 2 years.
Suspension under this paragraph shall not affect the power of the court to suspend
or revoke under s. 343.30 or the power of the secretary to suspend or revoke the
operating privilege. This paragraph does not apply if the judgment was entered
solely for violation of an ordinance unrelated to the violator’s operation of a motor
vehicle or of an ordinance enacted under s. 349.107.

SECTION 25. 349.107 of the statutes is created to read:

349.107 Authority to use traffic control photographic systems. (1) In
this section:

(a) In addition to the meaning given in s. 340.01 (42), “owner” means, with
respect to a vehicle that is registered, or that is required to be registered, by a lessee
of the vehicle under ch. 341, the lessee of the vehicle.

(b) “Traffic control photographic system” means an electronic system consisting
of a photographic, video, or electronic camera and a vehicle sensor installed for use
with an official traffic control signal to automatically produce photographs or video
or digital images, stamped with the time and date, of vehicles moving through an
intersection.

(2) Subject to sub. (3), the governing body of any county, city, village, or town
may enact an ordinance that does all of the following:

(a) Except as provided in sub. (3) (c), subjects a person to a forfeiture for being
the owner of a motor vehicle that, when facing a traffic control signal at an
intersection that exhibits a red light other than a flashing red light, does any of the
following:

1. Proceeds through the intersection without stopping.

2. After stopping at the intersection, proceeds through the intersection before
the traffic control signal exhibits a green light if the vehicle is not making a right
turn.

(b) Allows the use of a traffic control photographic system on highways under
the jurisdiction of the county, city, village, or town, including connecting highways,
for the purpose of detecting violations described in par. (a).

(c) Subjects a person to a forfeiture for being the lessee or operator of a motor
vehicle the owner of which would be subject to a forfeiture under this section but for
the owner’s successful assertion of a defense under sub. (3) (d) 2. or 3.

(3) An ordinance enacted under sub. (2) shall include all of the following:

(a) A requirement that an official traffic sign be placed at a sufficient distance
from an intersection monitored by a traffic control photographic system to provide
motor vehicle operators adequate notice that the intersection is monitored by a
traffic control photographic system.

(b) A requirement that, if a traffic officer employed by the governing body of the
county, city, village, or town prepares a citation for a violation of an ordinance enacted
under this section, the traffic officer shall serve the owner of the vehicle with the
citation by mailing the citation by certified mail addressed to the owner’s last–known
address within 48 hours after the violation. If the citation may be issued under par.
(d) to the lessee or operator of the vehicle, the traffic officer shall serve the lessee or
operator with the citation, in the same manner required for service on the vehicle
owner, within 48 hours of determining that the vehicle owner is likely to successfully
assert a defense under par. (d). A traffic officer shall send with the citation a
duplicate of the photograph, video, or digital image, taken by the traffic control
photographic system, of the vehicle involved in the violation.

(c) A requirement that the procedure specified in s. 345.28 applies to any
citation for a violation of an ordinance enacted under this section.

(d) A provision that it is not a defense to a violation of the ordinance that the
owner was not in control of the vehicle at the time of the violation, except that all of
the following are defenses to a violation of an ordinance enacted under this section:

1. That a report that the vehicle was stolen was made by the owner to a law
enforcement agency before the violation occurred or within a reasonable time after
the violation occurred.

2. That the vehicle is owned by a lessor of vehicles and is registered in the name
of the lessor, that at the time of the violation the vehicle was in the possession of a
lessee, and that the lessor provided a traffic officer with the information required
under s. 343.46 (3). In that case, the lessee may be issued a citation and charged with
a violation of the ordinance enacted under this section.

3. That the vehicle is owned by a dealer, as defined in s. 340.01 (11) (intro.), but
including the persons specified in s. 340.01 (11) (a) to (d), at the time of the violation
the vehicle was being operated by a person on a trial run, and the dealer provided
 SECTION 25

a traffic officer with the name, address, and operator’s license number of the person
operating the vehicle. In that case, the person operating the vehicle may be issued
