and nurse’s assistant to the term nurse aide; changing requirements for

Analysis by the Legislative Reference Bureau

Under current law, numerous requirements apply to the employment or 
contracting for services of home health aides, hospice aides, and nurse’s assistants 
by hospitals, nursing homes, intermediate care facilities for the mentally retarded, 
home health agencies, and hospices. Generally, before being employed or contracting 
for services, a home health aide, hospice aide, or nurse’s assistant must have 
successfully completed instruction in an instructional and competency evaluation 
program certified by the Department of Health and Family Services (DHFS) or a 
competency evaluation program approved by DHFS or a program that meets the 
DHFS standards, although this requirement does not apply to certain individuals 
providing services under one of these classifications who have been employed or 
under contract for numerous years. DHFS must review the curriculum of an 
instructional and competency evaluation program every 36 months and may 
suspend or revoke certification for the program or impose a plan of correction on it; 
DHFS may also suspend or revoke approval for a competency evaluation program or 
 impose a plan of correction on it. DHFS maintains a registry of individuals who have 
successfully completed an instructional and competency evaluation program or a 
competency evaluation program. DHFS maintains another registry of persons, 
employed by or under contract with a facility, organization, or service that is licensed 
or certified by or registered with DHFS to provide direct care and treatment to 
clients, who are reported to have, allegedly, misappropriated the property of a client 
or neglected or abused a client. Such a facility, organization, or service must report 
to the Department of Regulation and Licensing (DRL) any such allegation for a 
person who is licensed, permitted, certified, or registered by DRL, an examining 
board, or an affiliated credentialing board (credentialing). DHFS must review and
investigate any such report, and, if the person is credentialed, refer the report to DRL.

Effective January 1, 2009, this bill changes the terms “nurse's assistant,” “hospice aide,” and “home health aide” to “nurse aide” and changes the term “intermediate care facility for the mentally retarded” to “intermediate care facility for persons with mental retardation.” The bill changes the term “instructional and competency evaluation program” to “instructional program” and requires that DHFS approve, rather than certify, such programs that meet standards specified by DHFS by rule. Further, DHFS must review the curriculum of each approved instructional program every 24 months, rather than 36 months, after the date of approval.

The bill creates a new classification of caregiver, termed a “feeding assistant.” A feeding assistant must successfully complete a state-approved training and testing program to perform one nursing-related duty before being employed by or contracting with a nursing home or intermediate care facility for persons with mental retardation. A nursing home may not use hours of service provided by a feeding assistant in fulfilling certain staffing requirements.

The bill eliminates the requirement that a facility, organization, or service that is licensed or certified by or registered with DHFS report to DRL any allegation, for a person who is credentialed, concerning the misappropriation of property of a client or the neglect or abuse of a client.

The bill eliminates certain exceptions, by persons who have worked for numerous years as home health aides, hospice aides, or nurse's assistants, to the requirement for successful completion of instructional programs or competency evaluation programs.

```
POWER OF ATTORNEY
FOR HEALTH CARE

Document made this.... day of.... (month),.... (year).

CREATION OF POWER OF
ATTORNEY FOR HEALTH CARE

I,.... (print name, address and date of birth), being of sound mind, intend by this document to create a power of attorney for health care. My executing this power of attorney for health care is voluntary. Despite the creation of this power of attorney for health care, I expect to be fully informed about and allowed to participate in any health care decision for me, to the extent that I am able. For the purposes of this document, “health care decision” means an informed decision to accept, maintain, discontinue or refuse any care, treatment, service or procedure to maintain, diagnose or treat my physical or mental condition.

In addition, I may, by this document, specify my wishes with respect to making an anatomical gift upon my death.

DESIGNATION OF HEALTH CARE AGENT

If I am no longer able to make health care decisions for myself, due to my incapacity, I hereby designate.... (print name, address and telephone number) to be my health care agent for the purpose of making health care decisions on my behalf. If he or she is ever unable or unwilling to do so, I hereby designate.... (print name, address and telephone number) to be my alternate health care agent for the purpose of making health care decisions on my behalf. Neither my health care agent nor my
alternate health care agent whom I have designated is my health care provider, an
employee of my health care provider, an employee of a health care facility in which
I am a patient or a spouse of any of those persons, unless he or she is also my relative.
For purposes of this document, “incapacity” exists if 2 physicians or a physician and
a psychologist who have personally examined me sign a statement that specifically
expresses their opinion that I have a condition that means that I am unable to receive
and evaluate information effectively or to communicate decisions to such an extent
that I lack the capacity to manage my health care decisions. A copy of that statement
must be attached to this document.

GENERAL STATEMENT OF
AUTHORITY GRANTED

Unless I have specified otherwise in this document, if I ever have incapacity I
instruct my health care provider to obtain the health care decision of my health care
agent, if I need treatment, for all of my health care and treatment. I have discussed
my desires thoroughly with my health care agent and believe that he or she
understands my philosophy regarding the health care decisions I would make if I
were able. I desire that my wishes be carried out through the authority given to my
health care agent under this document.

If I am unable, due to my incapacity, to make a health care decision, my health
care agent is instructed to make the health care decision for me, but my health care
agent should try to discuss with me any specific proposed health care if I am able to
communicate in any manner, including by blinking my eyes. If this communication
cannot be made, my health care agent shall base his or her decision on any health
care choices that I have expressed prior to the time of the decision. If I have not
expressed a health care choice about the health care in question and communication
cannot be made, my health care agent shall base his or her health care decision on what he or she believes to be in my best interest.

LIMITATIONS ON MENTAL HEALTH TREATMENT

My health care agent may not admit or commit me on an inpatient basis to an institution for mental diseases, an intermediate care facility for the mentally retarded persons with mental retardation, a state treatment facility or a treatment facility. My health care agent may not consent to experimental mental health research or psychosurgery, electroconvulsive treatment or drastic mental health treatment procedures for me.

ADMISSION TO NURSING HOMES OR COMMUNITY-BASED RESIDENTIAL FACILITIES

My health care agent may admit me to a nursing home or community-based residential facility for short-term stays for recuperative care or respite care.

If I have checked “Yes” to the following, my health care agent may admit me for a purpose other than recuperative care or respite care, but if I have checked “No” to the following, my health care agent may not so admit me:

1. A nursing home — Yes.... No....

2. A community-based residential facility — Yes.... No....

If I have not checked either “Yes” or “No” immediately above, my health care agent may admit me only for short-term stays for recuperative care or respite care.

PROVISION OF A FEEDING TUBE

If I have checked “Yes” to the following, my health care agent may have a feeding tube withheld or withdrawn from me, unless my physician has advised that, in his or her professional judgment, this will cause me pain or will reduce my comfort.
If I have checked “No” to the following, my health care agent may not have a feeding tube withheld or withdrawn from me.

My health care agent may not have orally ingested nutrition or hydration withheld or withdrawn from me unless provision of the nutrition or hydration is medically contraindicated.

Withhold or withdraw a feeding tube — Yes.... No....

If I have not checked either “Yes” or “No” immediately above, my health care agent may not have a feeding tube withdrawn from me.

HEALTH CARE DECISIONS

FOR PREGNANT WOMEN

If I have checked “Yes” to the following, my health care agent may make health care decisions for me even if my agent knows I am pregnant. If I have checked “No” to the following, my health care agent may not make health care decisions for me if my health care agent knows I am pregnant.

Health care decision if I am pregnant — Yes.... No....

If I have not checked either “Yes” or “No” immediately above, my health care agent may not make health care decisions for me if my health care agent knows I am pregnant.

STATEMENT OF DESIRES, SPECIAL PROVISIONS OR LIMITATIONS
