2007 SENATE BILL 568

AN ACT to amend 19.36 (12), 66.0903 (3) (av), 66.0903 (10) (a), 66.0903 (10) (c), 103.49 (3) (ar), 103.49 (5) (a), 103.49 (5) (c), 103.50 (4m), 103.503 (title), 103.503 (1) (a), 103.503 (1) (c), 103.503 (1) (e), 103.503 (1) (g), 103.503 (2), 103.503 (3) (a) 2., 109.09 (1), 111.322 (2m) (c), 227.01 (13) (t) and 946.15; and to create 66.0904 and 104.001 (3) (am) of the statutes; relating to: payment of the prevailing wage rate to laborers, workers, mechanics, and truck drivers employed on a publicly funded private construction project, submission of certain payroll information on a weekly basis by a contractor, subcontractor, or agent performing work on a project that is subject to the prevailing wage law to the local governmental unit, state agency, or owner or developer authorizing the work, inspection of the payroll records of contractors, subcontractors, and

**Analysis by the Legislative Reference Bureau**

Under current law, certain laborers, workers, mechanics, and truck drivers employed on a state or local project of public works must be paid at the rate paid for a majority of the hours worked in the person’s trade or occupation in the county in which the project is located, as determined by the Department of Workforce Development (DWD), and may not be required or permitted to work a greater number of hours per day and per week than the prevailing hours of labor, that is, no more than ten hours per day and 40 hours per week, unless they are paid 1.5 times their basic rate of pay (overtime pay) for all hours worked in excess of the prevailing hours of labor (prevailing wage law).

This bill requires all laborers, workers, mechanics, and truck drivers working on the site of a publicly funded private construction project to be paid not less than the prevailing wage rate and to be paid overtime pay for all hours worked in excess of the prevailing hours of labor. The bill defines a “publicly funded private construction project” as a construction project, other than a project of public works, that receives financial assistance from a local governmental unit and “financial assistance” as any grant, cooperative agreement, loan, contract, or any other arrangement by which a local governmental unit provides or otherwise makes available assistance in any of the following forms:

1. Funding.
2. A transfer or lease of real or personal property of the local governmental unit or of any interest in or permission to use that property for less than fair market value or for reduced consideration.
3. Proceeds from a subsequent transfer or lease of real or personal property transferred or leased from the local governmental unit, if the local governmental unit’s share of the fair market value of the property is not returned to the local governmental unit.
4. A redevelopment contract, economic development agreement, industrial development revenue agreement, contract for the development or redevelopment of a tax incremental district or a blighted area, or assistance provided to develop, redevelopment, maintain, operate, or promote a business improvement district.

Current law requires each contractor, subcontractor, and contractor’s or subcontractor’s agent performing work on a project that is subject to the prevailing wage law to keep records indicating the name and trade or occupation of every person performing work that is subject to the prevailing wage law and an accurate record of the number of hours worked by each of those persons and the actual wages paid for those hours worked.

This bill requires a contractor, subcontractor, or agent performing work on a project that is subject to the prevailing wage law to submit, on a weekly basis, to the contracting local governmental unit, state agency, or private owner or developer
SENATE BILL 568

authorizing the work a certified record indicating for the preceding week the name and trade or occupation of every person performing work that is subject to the prevailing wage law and an accurate record of the number of hours worked by each of those persons and the actual wages paid for those hours worked.

Current law requires DWD, if requested by any person, to inspect the payroll records of any contractor, subcontractor, or agent performing work on a project that is subject to the prevailing wage law to ensure compliance with that law. If the contractor, subcontractor, or agent is found to be in compliance with that law and if the person making the request is a person performing work that is subject to that law, DWD must charge the person the actual cost of the inspection. If the contractor, subcontractor, or agent is found to be in compliance with that law and if the person making the request is not a person performing work that is subject to that law, DWD must charge the person $250 or the actual cost of the inspection, whichever is greater.

This bill requires DWD to charge a person making a request for the inspection of the payroll records of a contractor, subcontractor, or agent performing work on a project that is subject to the prevailing wage law, as affected by the bill, only if DWD finds that the contractor, subcontractor, or agent is in compliance with that law and that the request is frivolous. In order to find that a request is frivolous, DWD must find that the person making the request made the request in bad faith, solely for the purpose of harassing or maliciously injuring the contractor, subcontractor, or agent, or that the person making the request knew, or should have known, that there was no reasonable basis for believing that a violation of the prevailing wage law had been committed.

For further information see the state and local fiscal estimate, which will be printed as an appendix to this bill.

agent subject to the inspection is found to be in compliance and if the person making
the request is not a person performing the work specified in sub. (4) that the request
is frivolous, the department shall charge the person making the request $250 or the
actual cost of the inspection, whichever is greater. In order to find that a request is
frivolous, the department must find that the person making the request made the
request in bad faith, solely for the purpose of harassing or maliciously injuring the
contractor, subcontractor, or agent subject to the inspection, or that the person
making the request knew, or should have known, that there was no reasonable basis
for believing that a violation of this section had been committed.

applicable to the minor subcontract. The prevailing wage rates and prevailing hours of labor applicable to a contract or subcontract may not be changed during the time that the contract or subcontract is in force.

(3) Covered employees. (a) Subject to par. (b), all of the following employees shall be paid the prevailing wage rate determined under sub. 1. All laborers, workers, mechanics, and truck drivers employed on the site of a publicly funded private construction project that is subject to this section.

2. All laborers, workers, mechanics, and truck drivers employed in the manufacturing or furnishing of materials, articles, supplies, or equipment on the site of a publicly funded private construction project that is subject to this section or from a facility dedicated exclusively, or nearly so, to a publicly funded private construction project that is subject to this section by a contractor, subcontractor, agent, or other person performing any work on the site of the project.

(b) Notwithstanding par. (a) 1., a laborer, worker, mechanic, or truck driver who is regularly employed to process, manufacture, pick up, or deliver materials or products from a commercial establishment that has a fixed place of business from which the establishment regularly supplies processed or manufactured materials or products is not entitled to receive the prevailing wage rate determined under sub. (4) or to receive at least 1.5 times his or her hourly basic rate of pay for all hours worked in excess of the prevailing hours of labor unless any of the following apply:

1. The laborer, worker, mechanic, or truck driver is employed to go to the source of mineral aggregate such as sand, gravel, or stone that is to be immediately
incorporated into the work, and not stockpiled or further transported by truck, pick
up that mineral aggregate, and deliver that mineral aggregate to the site of a publicly

for his or her work and for the use of his or her truck.

(4) INVESTIGATION; DETERMINATION. (a) Before the owner or developer of any
publicly funded private construction project enters into a contract or solicits bids on
a contract for the performance of any work to which this section applies, the owner
or developer shall apply to the department to determine the prevailing wage rate for
each trade or occupation required in the work under contemplation in the area in
which the work is to be done. The department shall conduct investigations and hold
public hearings as necessary to define the trades or occupations that are commonly
employed on publicly funded private construction projects that are subject to this
section and to inform itself as to the prevailing wage rates in all areas of the state
for those trades or occupations in order to determine the prevailing wage rate for
each trade or occupation. The department shall issue its determination within 30
days after receiving the request and shall file the determination with the owner or
developer applying for the determination and with the local governmental unit
providing financial assistance for the project. For the information of the employes
working on the project, the prevailing wage rates determined by the department, the
prevailing hours of labor, and the provisions of subs. (2) and (9) shall be kept posted
by the owner or developer in at least one conspicuous and easily accessible place on
the site of the project.

(b) The department shall, by January 1 of each year, compile the prevailing
wage rates for each trade or occupation in each area. The compilation shall, in
addition to the current prevailing wage rates, include future prevailing wage rates
when those prevailing wage rates can be determined for any trade or occupation in
any area and shall specify the effective date of those future prevailing wage rates.
If a publicly funded private construction project that is subject to this section extends
into more than one area there shall be but one standard of prevailing wage rates for
the entire private construction project.

(c) In determining prevailing wage rates under par. (a) or (b), the department
may not use data from projects that are subject to this section, s. 66.0903, 103.49, or
103.50 or 40 USC 276a unless the department determines that there is insufficient
wage data in the area to determine those prevailing wage rates, in which case the
department may use data from projects that are subject to this section, s. 66.0903,
103.49, or 103.50 or 40 USC 276a.

(d) Any person may request a recalculation of any portion of an initial
determination within 30 days after the initial determination date if the person
submits evidence with the request showing that the prevailing wage rate for any
given trade or occupation included in the initial determination does not represent the
prevailing wage rate for that trade or occupation in the area. The evidence shall
include wage rate information reflecting work performed by persons working in the
contested trade or occupation in the area during the current survey period. The
department shall affirm or modify the initial determination within 15 days after the
date on which the department receives the request for recalculation.

(e) In addition to the recalculation under par. (d), the owner or developer that
requested the determination under this subsection may request a review of any
portion of the determination within 30 days after the date of issuance of the
determination if the owner or developer submits evidence with the request showing
that the prevailing wage rate for any given trade or occupation included in the
determination does not represent the prevailing wage rate for that trade or
occupation in the city, village, or town in which the proposed publicly funded private
construction project is located. That evidence shall include wage rate information
for the contested trade or occupation on at least 3 similar projects located in the city,
village, or town where the proposed publicly funded private construction project is
located on which some work has been performed during the current survey period
and which were considered by the department in issuing its most recent compilation
under par. (b). The department shall affirm or modify the determination within 15
days after the date on which the department receives the request for review.

(5) Nonapplicability. This section does not apply to any single-trade publicly
funded private construction project for which the estimated cost of completion is less
than $30,000 or an amount determined by the department under s. 66.0903 (5) or to
any multiple-trade publicly funded private construction project for which the
estimated cost of completion is less than $150,000 or an amount determined by the
department under s. 66.0903 (5).

(6) Exemptions. The department, upon petition of any owner or developer
contracting for a publicly funded private construction project that is subject to this
section, shall issue an order exempting the owner or developer from applying to the
department for a determination under sub. (4) when it is shown that the project is
also subject to an ordinance or other enactment of a local governmental unit that sets
forth standards, policy, procedure, and practice resulting in standards as high or
higher than those under this section.

(7) Compliance. (a) When the department finds that an owner or developer
has not requested a determination under sub. (4) (a) or that an owner, developer,
contractor, or subcontractor has not physically incorporated a determination into a
contract or subcontract as required under sub. (2) (b) or has not notified a minor
subcontractor of a determination in the manner prescribed by the department by
rule promulgated under sub. (2) (b), the department shall notify the owner,
developer, contractor, or subcontractor of the noncompliance and shall file the
determination with the owner, developer, contractor, or subcontractor within 30 days
after the notice.

(b) Upon completion of a publicly funded private construction project that is
subject to this section and before receiving final payment for his or her work on the
private construction project, each agent or subcontractor shall furnish the contractor
with an affidavit stating that the agent or subcontractor has complied fully with the
requirements of this section. A contractor may not authorize final payment until the
affidavit is filed in proper form and order.

(c) Upon completion of a publicly funded private construction project that is
subject to this section and before receiving final payment for his or her work on the
project, each contractor shall file with the owner or developer contracting for the
work an affidavit stating that the contractor has complied fully with the
requirements of this section and that the contractor has received an affidavit under
par. (b) from each of the contractor’s agents and subcontractors. An owner or
 developer may not authorize a final payment until the affidavit is filed in proper form and order. If an owner or developer authorizes a final payment before the affidavit is filed in proper form and order or if the department determines, based on the greater weight of the credible evidence, that any person performing the work specified in sub. (3) has been or may have been paid less than the prevailing wage rate or less than 1.5 times the hourly basic rate of pay for all hours worked in excess of the prevailing hours of labor and requests that the owner or developer withhold all or part of the final payment, but the owner or developer fails to do so, the owner or developer is liable for all back wages payable up to the amount of the final payment.

(8) Records; Inspection; Enforcement. (a) Each contractor, subcontractor, or agent performing work on a publicly funded private construction project that is subject to this section shall keep full and accurate records clearly indicating the name and trade or occupation of every person performing the work described in sub. (3) and an accurate record of the number of hours worked by each of those persons and the actual wages paid for the hours worked. By no later than the end of the week following a week in which a contractor, subcontractor, or contractor’s or subcontractor’s agent performs work on a project that is subject to this section, the contractor, subcontractor, or agent shall submit to the contracting owner or developer a certified record of the information specified in the preceding sentence for that preceding week.

(b) The department or the local governmental unit providing financial assistance for a publicly funded private construction project may demand and examine, and every contractor, subcontractor, and contractor’s or subcontractor’s agent shall keep, and furnish upon request by the department or local governmental
unit, copies of payrolls and other records and information relating to the wages paid
to persons performing the work described in sub. (3) for work to which this section
applies. The department may inspect records in the manner provided in ch. 103.
Every contractor, subcontractor, or agent performing work on a publicly funded
private construction project that is subject to this section is subject to the
requirements of ch. 103 relating to the examination of records. Section 111.322 (2m)
applies to discharge and other discriminatory acts arising in connection with any
proceeding under this section.

(c) If requested by any person, the department shall inspect the payroll records
of any contractor, subcontractor, or contractor’s or subcontractor’s agent performing
work on a publicly funded private construction project that is subject to this section
to ensure compliance with this section. In the case of a request made by a person
performing the work specified in sub. (3), if the department finds that the contractor,
subcontractor, or agent subject to the inspection is in compliance and that the request
if frivolous, the department shall charge the person making the request the actual
cost of the inspection. In the case of a request made by a person not performing the
work specified in sub. (3), if the department finds that the contractor, subcontractor,
or agent subject to the inspection is in compliance and that the request is frivolous,
the department shall charge the person making the request $250 or the actual cost
of the inspection, whichever is greater. In order to find that a request is frivolous,
the department must find that the person making the request made the request in
bad faith, solely for the purpose of harassing or maliciously injuring the contractor,
subcontractor, or agent subject to the inspection, or that the person making the
request knew, or should have known, that there was no reasonable basis for believing
that a violation of this section had been committed.
(d) Section 103.005 (5) (f), (11), (12), and (13) applies to this section, except that s. 103.005 (12) (a) does not apply to any person who fails to provide any information to the department to assist the department in determining prevailing wage rates under sub. (4) (a) or (b). Section 111.322 (2m) applies to discharge and other discriminatory acts arising in connection with any proceeding under this section, including proceedings under sub. (9) (a).

(9) LIABILITY AND PENALTIES. (a) Any contractor, subcontractor, or contractor's or subcontractor's agent who fails to pay the prevailing wage rate determined by the department under sub. (4) or who pays less than 1.5 times the hourly basic rate of pay for all hours worked in excess of the prevailing hours of labor is liable to any affected employee in the amount of his or her unpaid wages or his or her unpaid overtime compensation and in an additional equal amount as liquidated damages. An action to recover the liability may be maintained in any court of competent jurisdiction by any employee for and in behalf of that employee and other employees similarly situated. No employee may be a party plaintiff to the action unless the employee consents in writing to become a party and the consent is filed in the court in which the action is brought. Notwithstanding s. 814.04 (1), the court shall, in addition to any judgment awarded to the plaintiff, allow reasonable attorney fees and costs to be paid by the defendant.

(b) 1. Except as provided in subds. 2., 4., and 6., any contractor, subcontractor, or contractor's or subcontractor's agent who violates this section may be fined not more than $200 or imprisoned for not more than 6 months or both. Each day that any violation continues is considered a separate offense.

2. Whoever induces any person who seeks to be or is employed on any publicly funded private construction project that is subject to this section to give up, waive,
or return any part of the wages to which the person is entitled under the contract
governing the project, or who reduces the hourly basic rate of pay normally paid to
a person for work on a project that is not subject to this section during a week in which
the person works both on a project that is subject to this section and on a project that
is not subject to this section, by threat not to employ, by threat of dismissal from
employment, or by any other means is guilty of an offense under s. 946.15 (1).

3. Any person employed on a publicly funded private construction project that
is subject to this section who knowingly permits a contractor, subcontractor, or
contractor’s or subcontractor’s agent to pay him or her less than the prevailing wage
rate set forth in the contract governing the project, who gives up, waives, or returns
any part of the compensation to which he or she is entitled under the contract, or who
gives up, waives, or returns any part of the compensation to which he or she is
normally entitled for work on a project that is not subject to this section during a
week in which the person works both on a project that is subject to this section and
on a project that is not subject to this section, is guilty of an offense under s. 946.15
(2).

4. Whoever induces any person who seeks to be or is employed on any publicly
funded private construction project that is subject to this section to permit any part
of the wages to which the person is entitled under the contract governing the project
to be deducted from the person’s pay is guilty of an offense under s. 946.15 (3), unless
the deduction would be permitted under 29 CFR 3.5 or 3.6 from a person who is
working on a project that is subject to 40 USC 276c.

5. Any person employed on a publicly funded private construction project that
is subject to this section who knowingly permits any part of the wages to which he
or she is entitled under the contract governing the project to be deducted from his or
her pay is guilty of an offense under s. 946.15 (4), unless the deduction would be
permitted under 29 CFR 3.5 or 3.6 from a person who is working on a project that is
subject to 40 USC 276c.

6. Subdivision 1. does not apply to any person who fails to provide any
information to the department to assist the department in determining prevailing
wage rates under sub. (4) (a) or (b).

(10) DEBARMENT. (a) Except as provided under pars. (b) and (c), the department
shall notify any owner or developer applying for a determination under sub. (4) and
any owner or developer that is exempt under sub. (6) of the names of all persons
whom the department has found to have failed to pay the prevailing wage rate
determined under sub. (4) or has found to have paid less than 1.5 times the hourly
basic rate of pay for all hours worked in excess of the prevailing hours of labor at any
time in the preceding 3 years. The department shall include with each name the
address of the person and shall specify when the person failed to pay the prevailing
wage rate and when the person paid less than 1.5 times the hourly basic rate of pay
for all hours worked in excess of the prevailing hours of labor. An owner or developer
may not award any contract to the person unless otherwise recommended by the
department or unless 3 years have elapsed from the date on which the department
issued its findings or date of final determination by a court of competent jurisdiction,
whichever is later.

(b) The department may not include in a notification under par. (a) the name
of any person on the basis of having let work to a person whom the department has
found to have failed to pay the prevailing wage rate determined under sub. (4) or has

(2m) that the request is frivolous, the department shall charge the person making the request the actual cost of the inspection. If in the case of a request made by a person not performing the work specified in sub. (2m), if the department finds that the contractor, subcontractor, or agent subject to the inspection is found to be in compliance and if the person making the request is not a person performing the work specified in sub. (2m) that the request is frivolous, the department shall charge the person making the request $250 or the actual cost of the inspection, whichever is greater. In order to find that a
request is frivolous, the department must find that the person making the request made the request in bad faith, solely for the purpose of harassing or maliciously injuring the contractor, subcontractor, or agent subject to the inspection, or that the person making the request knew, or should have known, that there was no reasonable basis for believing that a violation of this section had been committed.
