February 21, 2007 – Introduced by Senators HARSDORF, COGGS, ERPENBACH, GROTHMAN, LEHMAN, RISER and SULLIVAN, cosponsored by Representatives KESSLER, DAVIS, ALBERS, BERCEAU, BOYLE, CULLEN, FIELD, GRIGSBY, HILGENBERG, HINTZ, MOLEPSKE, NELSON, NYGREN, POCAN, POPE-ROBERTS, SIEDEL, SHERIDAN, SINICKI, TOLES, TURNER, A. WILLIAMS, YOUNG and ZEPNICK. Referred to Committee on Veterans and Military Affairs, Biotechnology and Financial Institutions.

AN ACT to amend 25.17 (intro.), 25.18 (1) (intro.) and 25.18 (2) (intro.); and to create 25.184 of the statutes; relating to: prohibiting the Investment Board from making certain investments relating to Sudan.

Analysis by the Legislative Reference Bureau

This bill generally prohibits the State of Wisconsin Investment Board (SWIB) from making certain future investments, and requires SWIB to divest itself of prior investments, related to Sudan. Within 90 days after the bill’s effective date, SWIB must make its best efforts to identify all scrutinized companies in which SWIB has direct or indirect holdings. A “scrutinized company” is, with certain exceptions, a company that: 1) has business operations involving contracts with, or the provision of supplies or services to, the government of Sudan (not including the regional government of southern Sudan) or entities related to the government of Sudan if more than 10 percent of the company’s revenues or assets linked to Sudan involve oil–related activities, mineral extraction activities, or power production activities; 2) is complicit in the Darfur genocide; or 3) supplies military equipment within Sudan. A “direct holding” is a security of a company held directly by SWIB in SWIB’s name or in “street name” for SWIB or held in an account or fund in which SWIB owns all shares or interests. An “indirect holding” is a security of a company held in an account or fund, such as a mutual fund, managed by external managers in which SWIB owns shares or interests together with other investors. Best efforts by SWIB include, as applicable: reviewing and relying, as appropriate in SWIB’s judgment, on publicly available information regarding companies with business operations in
SDENATE BILL 57

Sudan, including information provided by nonprofit organizations, research firms, international organizations, and government entities; contacting asset managers contracted by SWIB that invest in companies with business operations in Sudan; and contacting other institutional investors that have divested from, or engaged with, companies that have business operations in Sudan. By the first regular meeting of SWIB trustees after this initial 90 day identification period, SWIB must assemble a list of all scrutinized companies that it has identified, and the list must be updated on a quarterly basis.

After the bill’s effective date, with certain exceptions, SWIB may not acquire securities of scrutinized companies on SWIB’s list unless the company merely holds property, including rights, not presently used to generate revenues. In addition, immediately after the first regular meeting of SWIB trustees described above, SWIB must do all of the following with respect to companies in which SWIB has direct or indirect holdings: 1) send written notice to each company on the list that merely holds property or rights not presently used to generate revenues of the provisions of this bill and encourage the company to continue to refrain from initiating active business operations in Sudan, with such correspondence repeated semiannually; and 2) send written notice to all other companies on the list to inform each company of its scrutinized company status and to advise the company that it may become subject to divestment by SWIB. With certain exceptions, SWIB must divest itself of all publicly-traded securities of a scrutinized company sent the notice identified as 2) above unless it ceases active business operations within 90 days of the notice. SWIB must accomplish 50 percent of this divestment within nine months of the company appearing on SWIB’s list and full divestment within 15 months of the company appearing on SWIB’s list. If, within this 90 day period, the company ceases those business operations making it a scrutinized company, SWIB must remove the company from its list and need not divest from the company unless it resumes such business operations, in which case it becomes subject to immediate and full divestment. However, if the company remains a scrutinized company but, within this 90 day period, stops revenue-generating activities in Sudan, the company remains on SWIB’s list but is not subject to divestment.

The prohibitions on investment in, and requirement of divestment from, certain companies under the bill do not apply with respect to: 1) any company that is affirmatively declared by the federal government to be excluded from any federal sanctions regime relating to Sudan; 2) indirect holdings in actively managed investment funds, including private equity funds, although the bill requires SWIB to submit letters to the managers of such funds containing certain information and SWIB may, under specified circumstances, be required to replace investments in such funds. The requirement of divestment from certain companies under the bill also does not apply if clear and convincing evidence shows that the value for all assets under SWIB’s management has decreased to 99.5 percent or less of the value of all assets under SWIB’s management when calculated as if no divestment had occurred, but, in such case, the divestment requirement is only suspended to the extent necessary to avoid a decrease in the value of assets to or beyond this threshold. The provisions of the bill do not apply at all if the U.S. congress or president declares that
the Darfur genocide has been halted for at least 12 months, the United States revokes all sanctions imposed against the government of Sudan, or the U.S. congress or president declares that mandatory divestment of the type provided for in the bill interferes with the conduct of U.S. foreign policy.

The bill authorizes the attorney general to bring actions to enforce the provisions of the bill. The bill also provides a certain immunity to SWIB, including with respect to its standard of responsibility when investing money, in taking any action in compliance with the bill. The bill also requires SWIB to make certain reports to the legislature and to the attorney general.

For further information see the state and local fiscal estimate, which will be printed as an appendix to this bill.

Best efforts include, as applicable, all of the following:

1. Reviewing and relying, as appropriate in the board's judgment, on publicly available information regarding companies with business operations in Sudan, including information provided by non-profit organizations, research firms, international organizations, and government entities.

2. Contacting asset managers contracted by the board that invest in companies with business operations in Sudan.

3. Contacting other institutional investors that have divested from, or engaged with, companies that have business operations in Sudan.

(b) Not later than the first regular meeting of the trustees of the board after the date specified in par. (a), the board shall assemble a list of all scrutinized companies identified under par. (a). The board shall update this list on a quarterly basis based on evolving information from, among other sources, those sources identified in par. (a).
(3) ENGAGEMENT. (a) With respect to the companies on the scrutinized companies list under sub. (2) (b) in which the board has direct or indirect holdings, immediately after the date specified in sub. (2) (a), the board shall do all of the following:

1. For each company on the list with only inactive business operations, the board shall send a written notice to inform the company of the provisions of this section and to encourage the company to continue to refrain from initiating active business operations in Sudan until it is able to avoid scrutinized business operations. The board shall continue such correspondence on a semiannual basis.

2. For each company on the list with active business operations, the board shall send a written notice to inform the company of its scrutinized company status and to advise the company that it may become subject to divestment by the board. The notice shall advise the company that the company will be subject to divestment by the board unless, within 90 days after the notice, the company ceases its scrutinized business operations or converts its business operations to inactive business operations. The notice shall also advise the company that it may, within this 90 day period, attempt to clarify to the board the company’s Sudan-related activities in an effort to avoid divestment.

(b) If, within 90 days following the board’s first engagement with a company under par. (a) 2., that company ceases scrutinized business operations, the board shall remove the company from the list under sub. (2) (b) and the provisions of this section shall cease to apply to it unless it resumes scrutinized business operations. If, within 90 days following the board’s first engagement under par. (a) 2., the company converts its scrutinized active business operations to inactive business operations, the company shall remain subject to the provisions of this subsection.
(4) DIVESTMENT. (a) Except as provided in subs. (6) to (8), if, after 90 days following the board's first engagement with a company as described in sub. (3) (a) 2., the company continues to have scrutinized active business operations, the board shall sell, redeem, divest, or withdraw all publicly-traded securities of the company, according to the following schedule:

1. At least 50 percent of such assets shall be removed from the board’s assets under management by 9 months after the company’s first appearance on the list under sub. (2) (b).

2. One hundred percent of such assets shall be removed from the board’s assets under management within 15 months after the company’s first appearance on the list under sub. (2) (b).

(b) If a company that ceased scrutinized active business operations resumes scrutinized active business operations, the company shall be immediately reintroduced onto the list under sub. (2) (b), and par. (a) shall apply except that all assets of the company shall be immediately removed from the board’s assets under management. The board shall send written notice to the company of divestment under this paragraph.

(5) PROHIBITION. Except as provided in subs. (6) to (8), after the effective date of this subsection .... [revisor inserts date], the board may not acquire securities of companies on the scrutinized companies list under sub. (2) (b) that have active business operations.

(7) EXCLUDED SECURITIES. Subsections (4) and (5) do not apply to indirect holdings in actively managed investment funds. However, the board shall submit letters to the managers of such investment funds containing companies with scrutinized active business operations requesting that they consider removing such companies from the fund or create a similar actively managed fund with indirect holdings devoid of such companies. If the manager creates a similar fund, the board shall replace all applicable investments with investments in the similar fund in an expedited timeframe consistent with prudent investing standards. For the purposes of this subsection, private equity funds are considered to be actively managed investment funds.

(8) REINVESTMENT IN CERTAIN COMPANIES. (a) The board shall be permitted to cease divesting from certain scrutinized companies under sub. (4), or to reinvest in certain scrutinized companies from which it divested under sub. (4), or both, if clear and convincing evidence shows that the value for all assets under management by the board has decreased to 99.5 percent or less of the value of all assets under management by the board when calculated as if no divestment from any company had occurred under sub. (4).

(b) The board may only cease divesting or reinvest under par. (a) to the extent necessary to avoid a decrease in the value of assets of the amount specified in par. (a).

(c) This subsection does not apply to reinvestment in companies on the ground that they have ceased to have scrutinized active business operations.

(9) REPORTING. (a) Not later than 30 days after the initial creation of the list specified in sub. (2) (b), the board shall submit a report that includes this list to the
chief clerk of each house of the legislature, for distribution to the legislature under s. 13.172 (2) and to the attorney general.

(b) The board shall submit a report annually, not later than the anniversary date of the report required under par. (a), to the chief clerk of each house of the legislature, for distribution to the legislature under s. 13.172 (2) and to the attorney general, with a copy provided to the United States Presidential Special Envoy to Sudan or an appropriate designee or successor of the Special Envoy, that includes all of the following:

2. All investments sold, redeemed, divested, or withdrawn in compliance with sub. (4).

3. All prohibited investments under sub. (5).

4. Any progress made under sub. (7).

(c) If the board ceases divestment or reinvests in Sudan in a manner authorized under sub. (8), the board shall submit a report to the chief clerk of each house of the legislature, for distribution to the legislature under s. 13.172 (2) and to the attorney general, prior to cessation of divestment or reinvestment, as applicable, setting forth the reasons and justification, supported by clear and convincing evidence, for the board’s decision to cease divestment or to reinvest in companies with scrutinized active business operations. This report shall be updated semiannually thereafter, as applicable.

(d) Notwithstanding s. 19.35, the board shall make any report required under this subsection available to the public.
(10) **Termination of Requirements.** The provisions of this section shall cease to apply upon the occurrence of any of the following:

(a) The U.S. congress or president of the United States declares that the Darfur genocide has been halted for at least 12 months.

(b) The United States revokes all sanctions imposed against the government of Sudan.

(c) The U.S. congress or president of the United States, through legislation or executive order, declares that mandatory divestment of the type provided for in this section interferes with the conduct of the foreign policy of the United States.

(12) **Attorney General Representation.** The attorney general may represent this state or assist a district attorney in prosecuting any case arising under this section.

(END)
