Analysis by the Legislative Reference Bureau

Under current law, there are four income tax brackets for single individuals, certain fiduciaries, heads of households, and married persons. The brackets are indexed for inflation. The rate of taxation under current law for the lowest bracket for single individuals, certain fiduciaries, heads of households, and married persons is 4.6 percent of taxable income; the rate for the second bracket is 6.15 percent; the rate for the third bracket is 6.5 percent; and the rate for the highest bracket is 6.75 percent.

For taxable years beginning after December 31, 2006, this bill reduces all of the income tax rates that apply to single individuals, certain fiduciaries, heads of households, and married persons. Under the bill, for taxable years beginning after December 31, 2006, the rate of taxation for the lowest bracket for single individuals, certain fiduciaries, heads of households, and married persons is 4.554 percent of taxable income; the rate for the second bracket is 6.089 percent; the rate for the third bracket is 6.435 percent; and the rate for the highest bracket is 6.683 percent.
The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
