PETITION TO WISCONSIN STATE LEGISLATORS

AS a Voting Wisconsin CONSUMER, I am asking my state government to focus on legislation that allows me to CHOOSE A COLLISION REPAIR SHOP without intimidation, threats or misleading comments of any kind from an insurance representative.

I want my decision to be based on my own experiences including prior repairs, friend and family referrals and my own ability to make a choice. I will not stand for insurance pressure, intimidation and falsehoods meant to coerce me into getting my repairs done at a shop of insurer preference. I prefer to choose who repairs my car! Let the choice be mine—ensuring that business is conducted in the manner it was meant to: in a FREE MARKET!!!

PETITION TO WISCONSIN STATE LEGISLATORS

AS a Voting Wisconsin CONSUMER, I am asking my state government to focus on legislation that allows me to CHOOSE A COLLISION REPAIR SHOP without intimidation, threats or misleading comments of any kind from an insurance representative.

I want my decision to be based on my own experiences including prior repairs, friend and family referrals and my own ability to make a choice. I will not stand for insurance pressure, intimidation and falsehoods to coerce me into getting repairs done at a shop who works for the insurance company. Let me choose a repairer and let business persevere as it was meant to in a FREE MARKET!!!

PETITION TO WISCONSIN STATE LEGISLATORS

FAYED

AS a Voting Wisconsin CONSUMER, I am asking my state government to focus on legislation that allows me to CHOOSE A COLLISION REPAIR SHOP without intimidation, threats or misleading comments of any kind from an insurance representative.

I want my decision to be based on my own experiences including prior repairs, friend and family referrals and my own ability to make a choice. I will not stand for insurance pressure, intimidation and falsehoods meant to coerce me into getting my repairs done at a shop of insurer preference. I prefer to choose who repairs my car! Let the choice be mine—ensuring that business is conducted in the manner it was meant to: in a FREE MARKET!!!

### PETITION TO WISCONSIN STATE LEGISLATORS

AS a Voting Wisconsin CONSUMER, I am asking my state government to focus on legislation that allows me to CHOOSE A COLLISION REPAIR SHOP without intimidation, threats or misleading comments of any kind from an insurance representative.

I want my decision to be based on my own experiences including prior repairs, friend and family referrals and my own ability to make a choice. I will not stand for insurance pressure, intimidation and falsehoods meant to coerce me into getting my repairs done at a shop of insurer preference. I prefer to choose who repairs my car! Let the choice be mine—ensuring that business is conducted in the manner it was meant to: in a FREE MARKET!!!
