Subject: RE: Absentee voting and registration locations

Matt,
The satellite offices would probably be in public buildings and would probably be occupied on a recurring basis, although possibly on limited days or hours. If you want the draft to be more flexible, I think we could start with something pretty close to Sen. Moore's bill. We can polish it after you review the draft if we need to.

Subject: RE: Email from LRB Website

For the first question I believe I'm missing the distinction between a temporary office and a voting location. We would like it to be a location where potential voters could go to register if need be, receive an absentee ballot, fill out the ballot, and return it the election official who is staffing the location.

We would like to have it be anywhere the clerk or boards of election commissioners would designate as an official location. We envision it being primarily places like libraries or church or other places that currently serve as polling locations on election day, but if a clerk wants to set up a location at an open-air plaza or mall, and the mall agrees, then that is fine as well. It is at the discretion of the election official(s)

As I indicated above, to answer the second question, we would like individuals to be able to register and vote at this temporary satellite location.

Matt,
I have two questions.

1) I need to know whether Rep. Kessler wants to simply authorize the municipal clerks or boards of election commissioners to establish temporary satellite offices, staffed either by regular or temporary employees of the office, or whether he envisions satellite voting stations. The latter was proposed by former State Sen. Gwen Moore in 2001 SB-110, which passed the senate but was never taken up in the assembly. Under the latter approach, the voting stations could be on nonpublic commercial or noncommercial property such as stores or malls, or in open-air plazas. The stations would be operated by special voting deputies.

2) I assume the offices or stations should also provide voter registration services, including late registration services (after the 20th day preceding an election).

Mr. Kuesel,

Representative Kessler would like to draft a bill that would allow for early in-person absentee voting to take place at additional locations (such as libraries, community centers, etc.) beyond simply at the clerk's office.

Please let me know if you have any questions.

Analysis by the Legislative Reference Bureau

Currently, unless an elector votes by absentee ballot, the elector must appear at the polling place serving his or her residence to vote. Polling places are staffed by inspectors who, with limited exceptions, are appointed from nominations submitted by the party committeemen or committeewomen of the two major political parties. If nominations are not submitted, inspectors may be appointed without regard to party affiliation. With limited exceptions, inspectors must be residents of the area served by the polling place where they are employed. Inspectors are public officers who serve for two-year terms and must file an oath of office. Inspectors must be compensated by the municipality where they serve. When an elector votes at a polling place, at least two inspectors must issue and receive the elector's ballot.

Current law permits any qualified elector who for any reason is unable or unwilling to appear at his or her polling place to vote by absentee ballot. With certain exceptions, the elector must apply for and obtain an absentee ballot from the appropriate municipal clerk or board of election commissioners by 5 p.m. on the day before the election. The elector may cast the absentee ballot either by mail or in person at the office of the municipal clerk or board of election commissioners of the municipality where the elector resides. If an elector applies for an absentee ballot in person, the elector casts the absentee ballot at the same time that he or she applies for the ballot. Current law also contains a special procedure that permits certain residents of nursing or retirement homes or community-based residential facilities to apply for and obtain an absentee ballot from a special voting deputy who is appointed by the municipal clerk or board of election commissioners and who personally visits the home or facility. These electors give their absentee ballots directly to the special voting deputy, who then delivers the ballots to the municipal clerk or board of election commissioners.

With certain limited exceptions, this bill authorizes the municipal clerk or board of election commissioners of any municipality to designate any location as a temporary, satellite station for absentee voting by electors of the municipality. The location may be inside a building or outdoors and need not be contained in a room separated from other activities. The bill permits any qualified elector of a municipality to obtain and cast an absentee ballot at a satellite station. A satellite station may be open for absentee voting at any time, but only during the period beginning on the date that the official absentee ballots become available for distribution and ending at 5 p.m. on the day before the election.

Under the bill, a satellite station must be staffed by at least one special voting deputy who is appointed on a nonpartisan basis by the municipal clerk or board of election commissioners. The bill permits any qualified elector of the state to be appointed as a special voting deputy. The bill specifies certain minimum qualifications for the special voting deputy. The municipal clerk or board of election

record the elector as a voter, and must either

NOT: Currently, a qualified elector who is not registered may register to vote at an election by mail or through a special registration deputy no later than the 20th day before the election. A qualified elector may also register at the office of the municipal clerk or board of election commissioners in the municipality where the elector resides no later than the day before the election.

commissioners must instruct the special voting deputy in his or her duties. The bill requires all individuals who serve as special voting deputies to meet certain training requirements. The special voting deputy may be compensated at the option of the municipality. The special voting deputy is required to supervise the proceedings at the satellite station to which he or she is assigned and to enforce certain election laws that apply to the satellite station. The special voting deputy is under the supervision of the municipal clerk or board of election commissioners. Under the bill, a special voting deputy is a public officer and must file an oath of office.

The bill also requires the municipal clerk or board of election commissioners to appoint at least one special registration deputy to staff each satellite station. The bill specifies certain minimum qualifications for the special registration deputy and requires all individuals who serve as deputies to meet certain training requirements. The special registration deputy may be compensated at the option of the municipality. The bill permits an elector to register at any satellite station at any time during which the station is open for absentee voting. With certain limited exceptions, the elector must follow the registration procedure that would otherwise apply to the elector under current law.

The bill applies certain provisions of current law relating to the operation of polling places to a satellite station established under the bill. For example, the bill requires a satellite station to meet current standards with regard to the accessibility of polling places and requires the posting of information at a satellite station that is generally the same as the information required to be posted at a polling place. However, whereas current law prohibits electioneering on public property within 100 feet of the entrance to a polling place, this bill generally prohibits electioneering in any building in which a satellite station is located at any time during which the satellite station is open. Also, if a satellite station is located outside of a building, the bill generally prohibits electioneering within 100 feet of the satellite station at any time during which the satellite station is open. The restriction does not apply on private property that is not owned or controlled by the same person as the property where the satellite station is located and does not apply to bumper stickers.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

23 SECTION 11. 6.26 (1), (2) (d) and (3) of the statutes are amended to read:

18 **SECTION 13.** 6.28 (title) of the statutes is repealed and recreated to read:

19 **6.28 (title) Open registration.**

20 **SECTION 14.** 6.28 (1) of the statutes is amended to read:

21 6.28 (1) REGISTRATION LOCATIONS; DEADLINE. Except as authorized in ss. 6.285,
22 6.29, 6.55 (2), and 6.86 (3) (a) 2., registration in person for any election shall close at
23 5 p.m. on the 3rd Wednesday preceding the election. Registrations made by mail
24 under s. 6.30 (4) must be delivered to the office of the municipal clerk or postmarked
25 no later than the 3rd Wednesday preceding the election. All applications for

1 registration corrections and additions may be made throughout the year at the office
2 of the city board of election commissioners, at the office of the municipal clerk, at the
3 office of the county clerk, or at other locations permitted under s. 6.285 or provided
4 by the board of election commissioners or the common council in cities over 500,000
5 population or by either or both the municipal clerk, or the common council, village
6 or town board in all other municipalities and may also be made during the school year
7 at any high school by qualified persons under sub. (2) (a). Other registration
8 locations may include but are not limited to fire houses, police stations, public
9 libraries, institutions of higher education, supermarkets, community centers, plants
10 and factories, banks, savings and loan associations and savings banks. Special
11 registration deputies shall be appointed for each location unless the location can be
12 sufficiently staffed by the board of election commissioners or the municipal clerk or
13 his or her deputies. An elector who wishes to obtain a confidential listing under s.
14 6.47 (2) shall register at the office of the municipal clerk of the municipality where
15 the elector resides.

16 **SECTION 15.** 6.285 of the statutes is created to read:

17 **6.285 Registration at satellite absentee voting stations.** (1) SPECIAL
18 REGISTRATION DEPUTY. Every municipal clerk or board of election commissioners that
19 designates a satellite absentee voting station under s. 6.873 (1) shall appoint at least
20 one qualified elector of this state as a special registration deputy for the satellite
21 location. The special registration deputy shall be able to read and write the English
22 language, be capable, and be of good understanding, and may not be a candidate for
23 any office to be voted for at an election at which he or she serves. The municipal clerk
24 or board of election commissioners shall instruct the special registration deputy in
25 the deputy's duties and responsibilities. The municipal clerk or board of election

1 commissioners shall ensure that any individual who serves as a special registration
2 deputy meets training requirements prescribed in rules promulgated by the board
3 under s. 7.315. The municipal clerk or board of election commissioners may revoke
4 the deputy's appointment at any time.

5 **(2) REGISTRATION PROCEDURE.** (a) *Generally.* Except as provided under par. (c),
6 any qualified elector of a municipality whose name does not appear on the
7 registration list may register in person at any satellite absentee voting station
8 designated by the municipal clerk or board of election commissioners under s. 6.873
9 (1) at any time during which absentee ballots may be cast at the station. A qualified
10 elector of a municipality who has changed his or her residence may also transfer his
11 or her registration at a satellite absentee voting station located in the municipality
12 as provided in s. 6.40 (1) (a) 1. The municipal clerk or board of election commissioners
13 shall provide a current copy of the list of persons obtained from the department of
14 corrections under s. 301.03 (20m) who are ineligible to vote at the forthcoming
15 election to each special registration deputy at a satellite absentee voting station.
16 Prior to permitting an elector to register to vote under this subsection, the special
17 registration deputy shall review the list. If the name of an elector who wishes to
18 register to vote appears on the list, the special registration deputy shall inform the
19 elector that the elector is ineligible to register to vote. If the elector maintains that
20 he or she is eligible to vote in the election, the special registration deputy shall permit
21 the elector to register to vote but shall mark the elector's registration form as
22 "ineligible to vote per Department of Corrections."

23 (b) *During late registration.* 1. 'Proof of residence.' Any elector who makes a
24 registration application under par. (a) after the close of registration under s. 6.28 (1)
25 shall provide proof of residence under s. 6.34. The special registration deputy shall

1 then enter the name and address of the elector and the type of identifying document
2 provided on a separate list. If the elector is unable to provide proof of residence under
3 s. 6.34, the information contained in the elector's registration form shall be
4 corroborated in a separate statement signed by another elector of the municipality
5 which contains the current street address of the corroborating elector. The
6 corroborating elector shall then provide acceptable proof of residence under s. 6.34.
7 The statement shall be signed by the corroborating elector in the presence of the
8 special registration deputy. The special registration deputy shall enter on a separate
9 list the name and address of the registering elector together with the name and
10 address of the collaborating elector.

11 2. 'Voting procedure.' If the elector is registering for the general election and
12 the elector presents a valid driver's license issued by another state, the special
13 registration deputy shall record on a separate list the name and address of the
14 elector, the name of the state, and the license number and expiration date of the
15 license. A qualified elector who completes a registration form under par. (a) and
16 satisfies subd. 1. after the close of registration under s. 6.28 (1) may immediately vote
17 by absentee ballot at the satellite absentee voting station under s. 6.873. If the
18 registering elector does not wish to immediately vote by absentee ballot, the special
19 registration deputy shall issue a certificate addressed to the inspectors of the proper
20 ward or election district directing that the elector be permitted to cast his or her vote
21 if the elector complies with all requirements for voting at the polling place. The
22 certificate shall be numbered serially and prepared in duplicate. At the time that he
23 or she appears at the correct polling place, the elector shall deliver any certificate
24 issued under this subdivision to the inspectors. The inspectors shall record the

1 names of electors who present certificates in person or for whom certificates are
2 presented with absentee ballots on the list maintained under s. 6.56 (1).

3 (c) *Confidential registration.* Any elector who wishes to obtain a confidential
4 listing under s. 6.47 (2) shall register at the office of the municipal clerk of the
5 municipality where the elector resides.

6 **(3) COMPLETED REGISTRATION FORMS, TRANSFERS, LISTS, AND CERTIFICATES.** The
7 special registration deputy shall promptly arrange the completed registration forms,
8 registration transfers, separate lists, and certificates issued under sub. (2) (b) 2. in
9 the manner specified by the municipal clerk or board of election commissioners. The
10 special absentee voting deputy that has supervision under s. 6.873 (2) (d) over the
11 satellite absentee voting station shall ensure that the forms, transfers, lists, and
12 certificates are properly kept and shall promptly forward the forms, transfers, lists,
