

**DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU**

LRBs0085/3dn
MGG:cjs:md

October 19, 2009

An analysis prepared by the LRB is limited to setting forth the current law and how the proposed legislation would change that law. I, therefore, did not include the 2nd sentence in the proposed language for the analysis that concerns ordinary high water marks because it deals with how surveying actually occurs.

Mary Gibson-Glass
Senior Legislative Attorney
