1 AN ACT *to amend* 655.007; and *to create* 655.018 of the statutes; relating to:
2 claims for loss of society and companionship in medical malpractice cases. ✓

Analysis by the Legislative Reference Bureau

Under current law, as stated in *Estate of Wells v. Mt. Sinai Medical Center*, 183 Wis. 2d 677 (1994), a parent does not have the right to recover for the loss of society and companionship of an adult child whose injuries were the result of medical malpractice. This bill provides that a parent does have the right to recover for loss of society and companionship if the parent's adult child is injured as the result of medical malpractice.

Under current law, as stated in *Czapinski v. St. Francis Hospital, Inc.*, 236 Wis. 2d 316 (2000), an adult child does not have the right to recover for the loss of society and companionship of a parent who died as the result of medical malpractice. This bill provides that an adult child does have the right to recover for loss of society and companionship if the adult child's parent dies as the result of medical malpractice.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

8 adult child dies as the result of medical malpractice, the parent of that adult child
9 has a cause of action for damages for loss of society and companionship against the
10 person who committed the medical malpractice. This section does not affect any
11 other claim available under this chapter.
