Analysis by the Legislative Reference Bureau

Current law requires that, if any bill contains a health insurance mandate affecting an insurance policy, plan, or contract, the Commissioner of Insurance must submit to the presiding officer of the house in which the bill is introduced a report on the social and financial impact of the mandate, but current law does not specify a time by which the report must be submitted. This bill requires that the report be submitted if any amendment, as well as any bill, contains a health insurance mandate, and requires that the Commissioner of Insurance submit the report before any vote is taken on the bill or amendment by any standing committee or either house of the legislature.
