Analysis by the Legislative Reference Bureau

Under current law, all related corporations file a combined report for state income and franchise tax purposes and calculate their state tax liability based on the business activity of all the related corporations. Under this bill, the combined reporting requirement for related corporations no longer applies for taxable years beginning after June 30, 2011.

Because this bill relates to an exemption from state or local taxes, it may be referred to the Joint Survey Committee on Tax Exemptions for a report to be printed as an appendix to the bill.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.
