Assumptions Used in Arriving at Fiscal Estimate

This bill removes the minimum statutory requirements for in-patient, out-patient and transitional care and establishes requirements for annual mental health screenings and makes coverage under the group insurance board's health insurance program subject to S.632.89, stats. This bill will have fiscal impact (as described in the fiscal estimate to 2009 AB 512 submitted on 10/27/09) to the extent that it results in increased costs for state and local health insurance plans administered by the Group Insurance Board.

Assembly amendment #1 to this bill is not expected to have any material effect on health insurance premium costs. According to the Group Insurance Board's consulting actuary, it does not appear that this bill as modified by Assembly amendment #1 provides different requirements than the Federal Mental Health Parity with which the state group health insurance program already complying for 2010.
