**Gary, Aaron**

---

**From:** Moran, Christian  
**Sent:** Thursday, May 28, 2009 5:20 PM  
**To:** Gary, Aaron  
**Subject:** bill drafting request

Hi Aaron,

Could you please draft a bill to do the following:

1. Eliminate the current requirement in 84.02(5)(b) which directs DOT to automatically distribute 50 state highway service maps to each officer and member of the legislature.
2. Eliminate the current requirement in 84.02(5)(c) which directs DOT to automatically distribute 500 folded highway maps to each officer and member of the legislature and 300 of these maps to the Legislative Reference Bureau.
3. Reduce the blue book distributions listed in column E of Figure 35.84 by 50% for the Constitutional Officers and Legislature (lines 1-20). For odd number distributions, reduce to the lower of the two closest round numbers (e.g., 7 would be reduced to 3). Maintain current law for the Judiciary (lines 30-37).

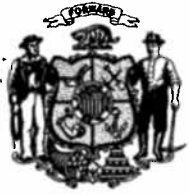

I don't know if this helps, and there's likely a better approach, but here's basically what we're striving for in provisions 1 and 2 above:

**84.02(5)(b)** Upon publication of the highway service maps, ~~the department shall distribute without charge 50 of these maps to each officer and member of the legislature.~~ Any officer or member of the legislature may request ~~additional highway service~~ these maps. The request may be written or oral. The fee for the additional maps shall be the fee set by the department under par. (a).

**84.02(5)(c)** Upon publication of the folded highway maps, ~~the department shall distribute without charge 500 of these maps to each officer and member of the legislature and 300 of these maps to the legislative reference bureau.~~ Any officer or member of the legislature may request ~~additional folded highway~~ these maps. The request may be written or oral. No charge may be made for the additional folded highway maps.

Hope you have a nice evening. Thanks for your help.

Christian

**PRELIMINARY DRAFT - NOT READY FOR INTRODUCTION**

SA  
x-ref

1 AN ACT <sup>gen.</sup> ...; **relating to:** distribution of highway maps published by the  
 2 Department of Transportation and the Blue Book published by the Legislative  
 3 Reference Bureau.

***Analysis by the Legislative Reference Bureau***

Under current law, the Department of Transportation (DOT) must publish highway service maps showing the state trunk highway system. DOT determines the price at which these highway service maps are sold. DOT must also publish, once every two years, folded highway maps for free distribution to the public. Upon their publication, DOT must distribute for free 50 highway service maps and 500 folded highway maps to each officer and member of the legislature. These officers and members of the legislature may request additional highway service maps at the regularly established price and additional folded highway maps for free. DOT must also distribute to the Legislative Reference Bureau (LRB) 300 folded highway maps.

This bill eliminates the requirement that DOT distribute, for free, highway service maps to officers and members of the legislature and folded highway maps to officers and members of the legislature and the LRB. Officers and members of the legislature may still request highway service maps at the regularly established price and folded highway maps for free.

Current law requires the Department of Administration to distribute to constitutional officers and the legislature a specified number of Blue Books published by the LRB. This bill reduces the number of Blue Books required to be distributed by approximately 50 percent.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.

**To:** Moran, Christian  
**Subject:** RE: DOT maps budget amendment (LRBb0847/3)

Hi Christian,

One draft of this bill should have gone out to your office, LRB-2960/P1. Not sure if you've seen this or not. The way to do this is an appropriation reduction of \$252,000 (which puts the money in the transportation fund) and then a transfer of that same amount from the transportation fund to the general fund. So your intent can be accomplished - I just need to draft two interrelated provisions instead of one.

Aaron

**Subject:** DOT maps budget amendment (LRBb0847/3)

Hi Aaron,

We're considering drafting LRBb0847/3 as a stand-alone bill. Is it possible to direct that the \$252K go back to the general fund, or must it lapse back to the transportation fund?

Thanks,

Christian

---

**To:** Gary, Aaron  
**Subject:** RE: question on possible amendment

DOT says this amount was requested in the FY10 Budget submittal. This printing will be conducted once to serve FY10 and FY11.

To answer your first question, DOT's 369 code does indeed correspond to s. 20.395 (3) (iq).

**Subject:** RE: question on possible amendment

Sorry, it just occurred to me that I need to know one other piece of info.: I need to know which fiscal year (09-10 or 10-11) to reduce the appropriation by \$252K or, if part of the money is to be taken out in each FY, how much money in each FY. Also, FYI, if this is the right appropriation, it is an annual so unexpended funds would lapse back to the transportation fund at the end of the FY.

Sorry to be a pain, but this number is DOT's (and maybe DOA's) internal code. I assume they mean s. 20.395 (3) (iq). Can you (or do you want to try) to verify that appropriation, or do you want me to just draft it up?

Thanks. Aaron

**To:** Moran, Christian  
**Subject:** RE: question on possible amendment

I don't know which appropriation funds the map printing. If you can find out from DOT, I can reduce that appropriation and specify the purpose of the reduction. Without knowing more, I don't know whether the \$252K would lapse or not (depends on the type of appropriation) and since the appropriation is a multi-purpose appropriation, the moneys could be used for other purposes unless I draft an appropriation reduction.

If all else fails, I could reduce the DOT general adm apprn, which is the likely apprn funding this expense.

If you think you'll want this redrafted to add the appropriation reduction, I'll need the jacket (stripes) back.

Thanks.

Hi Aaron,

Hanging in there? I can't believe it's only Wednesday, and they haven't even started voting on the budget yet! Oh well.

On the work front, DOT says \$252,700 is provided in the budget for printing of 1.8 million highway maps and 7,500 wall maps. Is this appropriation a line item? If so, can we just strike it out and would that money just go back to the general fund?

Thanks,

Christian

**SECTION 3.** 84.02 (5) (b) of the statutes is amended to read:

84.02 (5) (b) Upon publication of the highway service maps, ~~the department shall distribute without charge 50 of these maps to each officer and member of the legislature.~~ Any any officer or member of the legislature may request additional highway service these maps. The request may be written or oral. The fee for the additional these maps shall be the fee set by the department under par. (a).

**SECTION 4.** 84.02 (5) (c) of the statutes is amended to read:

84.02 (5) (c) Upon publication of the folded highway maps, ~~the department shall distribute without charge 500 of these maps to each officer and member of the legislature and 300 of these maps to the legislative reference bureau.~~ Any any officer or member of the legislature may request additional folded highway these maps. The request may be written or oral. No charge may be made for the additional folded highway these maps.

**SECTION 5. Fiscal changes.**

1 (1) APPROPRIATION CHANGE RELATED TO HIGHWAY MAPS. In the schedule under  
2 section 20.005 (3) of the statutes for the appropriation to the department of  
3 transportation under section 20.395 (3) (iq) of the statutes, as affected by the acts of  
4 2009, the dollar amount is decreased by \$252,700 for the <sup>e</sup>first fiscal year <sup>e</sup>of the fiscal  
5 ~~biennium~~ in which this subsection takes effect to decrease funding for the printing  
6 and distribution of highway maps.

ATTN: Christian Moran

The funding pieces of this draft should work if the bill passes before DOT has incurred expenses in the current biennium for printing and distributing highway maps. If the bill passes later in the legislative session, and DOT has already printed and distributed a significant number of highway maps, the cost savings estimate in the attached bill would be overstated for the current biennium. If this becomes a problem when the bill is ready for legislative action, I can prepare an amendment to modify the amount of the appropriation decrease and transfer in the bill, for purposes of this fiscal biennium. In future fiscal biennia, DOT would realize the full cost savings from the bill, but no transfer from the transportation fund to the general fund would occur. If you contemplated an ongoing transfer, I will need to redraft the bill.

Hi Christian,

Chris is correct that the money would just lapse into the transportation fund at the end of each fiscal year (assuming it has not been spent for another authorized purpose under that appropriation). I could draft a nonstatutory provision that halts the printing of these maps for this fiscal biennium (July 1, 2009 to June 30, 2011). I would have to assume that the bill would pass before DOT actually does print the maps. Is this what you want?

Hi Aaron,

Is it possible, and maybe simpler, to redraft the highway maps bill draft (LRB 2960/1) to direct DOT not to print highway and wall maps during the 2009-11 biennium. DOT says below that the \$251K budgeted for these maps would then just lapse to the Transportation Fund—which we're fine with. Is DOT right on that?

Christian

**Subject:** RE: highway maps bill draft

the biggie on this is the language still moves the funds to the general fund. Another question -- this doesn't stop legislators from requesting them -- so they could scoop up all that is left over (so you would have to go to a

09/23/2009

legislator to get one) we couldn't print anymore.

Notwithstanding that issue, I think the bill could just say don't do the maps. Then those funds would just lapse to the fund.

Chris,

Just checking in to see if you or your folks have had a chance to review that attached highway maps draft I sent over about a week ago. Again, the intent is to suspend the printing of state highway and wall maps for the 2009-2011 biennium and for the \$251K budgeted for this purpose to be directed to the transportation fund to help close your deficit. (What is your estimated deficit by the end of FY10?) This draft doesn't get us there, though. So any suggestions you have would be appreciated.

## 2009 BILL

SA-

1 AN ACT *to amend* 84.02 (5) (b) and 84.02 (5) (c) of the statutes; relating to:

regm.

2 distribution of highway maps published by the Department of Transportation.

### *Analysis by the Legislative Reference Bureau*

Under current law, the Department of Transportation (DOT) must publish highway service maps showing the state trunk highway system. DOT determines the price at which these highway service maps are sold. DOT must also publish, once every two years, folded highway maps for free distribution to the public. Upon their publication, DOT must distribute for free 50 highway service maps and 500 folded highway maps to each officer and member of the legislature. These officers and members of the legislature may request additional highway service maps at the regularly established price and additional folded highway maps for free. DOT must also distribute to the Legislative Reference Bureau (LRB) 300 folded highway maps.

This bill eliminates the requirement that DOT distribute, for free, highway service maps to officers and members of the legislature and folded highway maps to officers and members of the legislature and the LRB. Officers and members of the legislature may still request highway service maps at the regularly established price and folded highway maps for free.

The bill also reduces the DOT appropriation for printing and distributing highway maps and transfers the amount of this reduction from the transportation fund to the general fund.
