February 11, 2010 – Introduced by Representatives MURTHA, LEMAHIEU, NERISON, SPANBAUER, LOTHIAN, ROTH, A. OTT, VOS, TOWNSEND, SUDER, NYGREN and PETROWSKI, cosponsored by Senator GROTHMAN. Referred to Committee on Colleges and Universities.

1 **AN ACT to amend** 36.27 (1) (a) and 36.27 (1) (am) (intro.); and **to create** 36.27
2 (1) (ar) of the statutes; **relating to:** limiting nonallocable segregated fee and
3 resident tuition increases at the University of Wisconsin System.

Analysis by the Legislative Reference Bureau

Under current law the Board of Regents (board) of the University of Wisconsin (UW) System may not increase resident undergraduate tuition beyond an amount sufficient to fund all of the following: 1) in an odd-numbered year, the highest amount shown in the appropriation schedule for the tuition appropriation for that year in the Joint Committee of Finance version of the budget bill, the engrossed budget bill, or the enrolled budget bill; 2) in an even-numbered year, the amount shown in the appropriation schedule for the tuition appropriation; 3) the approved recommendations of the director of the Office of State Employment Relations for compensation and fringe benefits for staff; 4) projected losses of revenue caused by enrollment declines; 5) certain state-imposed costs; 6) nontraditional courses; and 7) differential tuition.

In addition to tuition, the board charges students segregated fees. Under board policies, there are two types of segregated fees: allocable and nonallocable. Allocable fees support campus student activities, such as student organizations, concerts, and lectures. Nonallocable fees support fixed obligations and programs that require stable funding, such as debt service, base operating funds for student unions, and student health services.

In fiscal years 2009–10, 2010–11, 2011–12, and 2012–13, this bill suspends the restrictions described above. Instead, the bill limits any increase in resident

undergraduate tuition during those fiscal years to no more than 4 percent above the tuition in effect in the previous fiscal year. In addition, the bill limits any increase in total nonallocable segregated fees for resident and nonresident undergraduate students during those fiscal years to no more than 4 percent above the total nonallocable segregated fees in effect during the previous fiscal year. However, the bill provides an exception to the limit on increases for nonallocable segregated fees. If the undergraduate students enrolled at an institution of the UW System approve an increase in nonallocable segregated fees for a specified fiscal year that exceeds the foregoing limit, the board may increase nonallocable segregated fees for undergraduates at that institution for that fiscal year by the amount approved. For the exception to apply, more than 10 percent of the undergraduate students enrolled at an institution must vote to approve the increase. In addition, the ballot used in the referendum must do the following: 1) identify the amount of the increase and the fiscal years for which the increase applies; and 2) explain the reasons for the increase.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.
