Subject: RE: Amendment to ASA2 to AB755

Per phone call with Mary Matthias today, make the prevailing wage requirements apply only if the estimated cost of completion is \$1 million or more. Make sure to hit all of the prevailing wage requirements in the sub.

The term used in the prevailing wage law is "estimated project cost of completion."

I have not discussed this issue with anybody.

Mary, Tim in Rep. Friske's office said you might be able to help on amendment request for Friske.

The gist of the amendment is that the prevailing wage requirements under the sub. should only apply if the value (cost? other way to talk about amount?) of the project is \$1 million or more.

Have you discussed this issue with Friske's office? Do you have any additional details for me to consider?

Thanks,

-- Mark
