### ***Analysis by the Legislative Reference Bureau***

This bill creates an income and franchise tax credit equal to the amount that the taxpayer pays in the taxable year to purchase insulating concrete forms used to construct a building. If the amount of the credit exceeds the taxpayer's tax liability, the taxpayer does not receive a refund, but may claim the amount of any unused credit in subsequent taxable years.

For further information see the ***state and local*** fiscal estimate, which will be printed as an appendix to this bill.
