1 AN ACT *to amend* 16.75 (1) (a) 1.; and *to create* 15.137 (4), 16.75 (3p) and 93.49
2 of the statutes; **relating to:** encouraging the purchase of food produced in this
3 state, creating goals and a preference in state procurement for food produced
4 in this state, and creating a council.

Analysis by the Legislative Reference Bureau

Current law generally authorizes state agencies to contract for services under certain circumstances. With some exceptions, orders or contracts must be awarded to the lowest responsible bidder. This bill requires state entities, if their expenditures on food are greater than \$25,000 per fiscal year, to attempt to ensure that, before 2020, of the total amount expended for food per fiscal year, at least 10 percent is spent on food products that are grown, processed, packaged, and distributed in this state and to ensure that, beginning in 2020, of the total amount expended for food per fiscal year, at least 20 percent is spent on food products that are grown, processed, packaged, and distributed in this state. To accomplish these goals, this bill creates an exception to the lowest responsible bidder requirement by allowing state entities to accept a bid or proposal from a vendor selling local food products that is no more than 10 percent higher than the apparent low bid or most advantageous proposal.

This bill also creates a Local Food, Farms, and Jobs Council in the Department of Agriculture, Trade and Consumer Protection. It requires the council to undertake various activities designed to increase the in-state purchase of food products that are grown, processed, packaged, and distributed in this state. These activities include

BILL

encouraging entities that receive funding from this state and that spend more than \$25,000 per year on food for their students, residents, or clients to spend at least 10 percent of their food budgets on food grown, processed, packaged, and distributed in this state.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

1 SECTION 1. 15.137 (4) of the statutes is created to read:

2 15.137 (4) LOCAL FOOD, FARMS, AND JOBS COUNCIL. There is created in the
