

DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU

LRB-3127/P1dn
EVM:wlj:ph

August 7, 2009

ATTN: Ezekiel Dasho

Please review the attached draft carefully to ensure that it is consistent with your intent. You may wish to consider whether some provision for funding the potential design and production costs is warranted. Recent similar drafts requiring the design and production of registration plates have provided around \$40,000 for such costs. You may wish to consult with the Department of Transportation for specific estimates.

Please let me know if you would like any changes made to the attached draft or if you have any questions. If the attached draft meets with your approval, let me know and I will convert it to an introducible "/1" draft.
