Zeke,

We did something regarding purple heart plates as a budget amendment (09b0792). The draft began as a request to redraft 07-2771. Ultimately, however, the draft was somewhat different from what was implied by the 07-2771 drafting instructions (if I recall correctly, no draft for 07-2771 was ever prepared – so a direct redraft of that draft number is not possible). Do you want the draft we prepared for the budget redrafted as a stand alone bill? Or do you have different instructions for this draft?

It has been a while since we emailed about this. I believe our office requested a redraft of this bill for the 2009 session, I do not know the 2009 bill number however, can you help me find it? If we have not requested a redraft for 2009, could you please have it redrafted?

Thanks, let me know if you have any questions.

Analysis by the Legislative Reference Bureau

STET

Under current law, a person who submits to the Department of Transportation (DOT) a certification from the U.S. Department of Veterans Affairs (USDVA) that the person sustained injuries while in active military service that limit or impair the person's ability to walk may obtain from DOT special distinguishing registration plates for certain vehicles, including automobiles, light-duty trucks, and motor homes, that identify the owner or lessee of the vehicle as a disabled veteran.

Under this bill, if, in addition to the certification of injury, a disabled veteran submits to DOT a certification from the USDVA that the veteran has been awarded the purple heart medal, the veteran may obtain from DOT special distinguishing registration plates that identify the owner or lessee of the vehicle as a disabled veteran who has been awarded the purple heart medal.

Please review the attached draft carefully to ensure that it is consistent with your intent. You may wish to consider whether some provision for funding the potential design and production costs is warranted. Recent similar drafts requiring the design and production of registration plates have provided around \$40,000 for such costs. You may wish to consult with the Department of Transportation for specific estimates.

Please let me know if you would like any changes made to the attached draft or if you have any questions. If the attached draft meets with your approval, let me know and I will convert it to an introducible "/1" draft.

power of the

I have two notes on this draft. First, I added a provision that restricts the Department of Transportation's (DOT) ~~power~~ to issue plates incorporating the emblem of the Military Order of the Purple Heart (MOPH) until the department has received ^{aid} authorization to use the emblem. Though I am not certain, it is likely that ~~the~~ MOPH's emblem is subject to trademark protections and that DOT would need to come to some sort of agreement prior to issuing plates using the emblem. Second, I added the provision allowing a surviving spouse to be issued a non-disabled purple heart plate. I was not certain how you wished to handle the registration fees, so I attempted to conform the surviving spouse provision to the disabled veteran provision. Thus, as currently drafted, the surviving spouse provision limits DOT to charging only the general registration fee. This means that DOT would not be able to charge the surviving spouse the military special group fee under s. 341.14 (6r) (b) 9. that is charged to other persons who are issued purple heart medal awardee plates. Let me know if you would like this changed or if you have any further instructions or questions.

ATTN: Ezekiel Dasho

I have two notes on this draft. First, I added a provision that restricts the power of the Department of Transportation (DOT) to issue plates incorporating the emblem of the Military Order of the Purple Heart (MOPH) until the department has received authorization to use the emblem. Though I am not certain, it is likely that MOPH's emblem is subject to trademark protections and that DOT would need to come to some sort of agreement prior to issuing plates using the emblem. Second, I added the provision allowing a surviving spouse to be issued a nondisabled Purple Heart plate. I was not certain how you wished to handle the registration fees, so I attempted to conform the surviving spouse provision to the disabled veteran provision. Thus, as currently drafted, the surviving spouse provision limits DOT to charging only the general registration fee. This means that DOT would not be able to charge the surviving spouse the military special group fee under s. 341.14 (6r) (b) 9. that is charged to other persons who are issued Purple Heart medal awardee plates. Let me know if you would like this changed or if you have any further instructions or questions.
