Subject: FW: question on AB828/Act 113
Importance: High
Attachments: Sec Busalacchi letter - updating DOT forms - 10-13-09.pdf

Kathy from Rep. Molepske's office has an amendment request for AB828 (advanced practice nurse prescribers). She wants to add the language "who are acting within the scope of their professional license" to page 3, line 6 and page 3, line 11 after the word "chiropractor." I didn't know whether this concept was already incorporated into chapter 29 in some way.
The amendment is due Tuesday, April 6 before 10am.

Below is an email string she sent me, but the emails deal more closely with a question that Kathy asked me than the amendment request.
If you have any questions, please let me know.

See the following emails since we spoke. I hope these are helpful clarifying what WMS is indicating we may need in the bill. \

Again, many thanks for your assistance.

I see what you're saying. I think that would work if the provisions in the bill all related to veterans, but none of the AB 828 provisions pertain to veterans, do they? It's all DOT and DNR stuff... That's why in Act 113 they also added in language such as:

632.64 Certification of disability.

... and to a certification of disability signed by a podiatrist with respect to matters within the scope of the podiatrist's professional license.

It's also why the authors of the bills and chairs of the relevant committees requested that the Department secretaries update their forms to reflect that those signing were doing so under their scope of practice. You can see the reply from DOT attached...

Sorry if I wasn't clear:

The drafter indicated that definitions are already in statute per 2009 Act 113 (that you had sent to us too). Section 8 of that Act created 45.40(1g)(a) and (b), specifically with (b) saying "...diagnosed by a health care provider acting within the scope of the health care provider's license."

She is thinking because that is already in statutes, it doesn't need repeating. However, I asked her to verify that with colleagues and give me a call back.

I was asking – if you agree that since that definition is already in 45.04... that it does not need repeating in AB 828.

I think I'm confused - I can't find a Sec. 45.40(1g), so I'm not sure to what you're referencing?

So I've been talking to drafters and I've got a question of you. In our AB 828 references to definitions Sec 45.40 (1g) (a) and (b) were not included because they are already in that stat. Drafters will review again but I am curious about your opinion – if Sec. 45.40(1g) (a) and (b) already says what it says in (b) are you sure we need an amendment in AB 828?

I'll let you know what I hear back from drafters. I also give Dick Sweet a call.
