Thanks for the second amendment, Kathy. Do you have info on why similar language isn't needed in secs. 3-7?

And again, thanks so much!

I already sent them in for introduction. I've called and left message in clerk's office to determine whether it has been processed already. In the even it has, can this additional change be drafted separately?

Here is what came back from LRB. I had sent them your email as drafting instructions. If you thing we need to change amendment, let me know. I am pressed for time on Louis' committee work and just shuttling requests on this one – so you be my guide and let me know if I should tell Robin to redraft.

Many thanks.

Kathy:

I am responding to your inquiry because I was the attorney who drafted the amendment to AB 828 (LRBa2003). I did not amend any other provisions of the bill because your instructions were to specifically amend the bill only in the 2 places that are treated in the amendment. If your intention was to amend the other parts of the bill, I can redraft the amendment, accordingly. If you want the amendment redrafted, please let me know.

Thanks.
