FROM THE
LEGISLATIVE REFERENCE BUREAU**

LRB-3939/P1dn
EVM:kjf:md

December 3, 2009

ATTN: Ezekiel Dasho

Please note, this draft contains a delayed effective date to provide the Department of Transportation (DOT) with time to prepare the necessary forms and decals. The draft does not, however, provide for any additional funding for DOT. You may wish to consult with DOT to determine if the timeline provided is reasonable and if provision for costs is desirable. Please let me know if you want any changes.
